

Title

- “E-learning Management system”

Definition and introduction

An e-learning management system is a software platform that enables the administration, delivery, and tracking of online educational courses and training programs

It serves as a digital platform that facilitates the creation, delivery, and management of online courses and learning materials

we are expecting to design and develop an application to facilitate online education and provide government exams (UPSC and GPSC only) preparation training and guidance

The system's key functionalities include content delivery, progress tracking, assessment tools, and a collaborative learning environment etc...

Technology used

- Front-End technology
 - HTML (for create and structure the design of web pages)
 - CSS (for style, layout, and presentation of HTML elements)
 - JAVASCRIPT (for create the logic and interactivity of web pages)
- Back-End technology
 - LARAVEL
 - Laravel is a popular open-source PHP web application framework used in software development.(for backend management)
 - MYSQL
 - For storing, managing, and retrieving structured data efficiently from database

Project scope

The term "project scope" refers to a detailed description of what the software project will accomplish

Our project scope is that the learner user can get job offers like IAS, IPS, IFS, IRS, IAAS, IPOS, IRTS, ITS, IES, CAPE by selecting UPSC category... and can get job offers like GAS, GPS, GES, GRS, GFS, GPHS, GMC, GIS, GFDCS by selecting GPSC category

Well... above mentioned things are scope of services we will give and system scopes are as mentioned below:

- Learner management
- Course management
- Flexibility
- Content creation & delivery
- Communication and collaboration etc...

Project objective

The term "project objective" refers to the specific goals or outcomes that a software project aims to achieve

The main objective of an e learning management system is to facilitate and manage online learning activities and resources

Course management, learner management, content delivery, collaboration and communication, being a third party platform and preparations are another major objectives

Project object

In the context of a system, an object refers to tangible or intangible entity that exists within the system

Our project includes the below mentioned objects:

- Student
 - Representing students and learner of the system
- Instructor
 - Representing faculty user of the system
- User Profiles
 - Representing individual user accounts
- Courses
 - Representing the various exam preparation courses available on the platform
- Study Materials
 - Representing video, PDFs, or interactive content that users can access and study
- Practice Tests
 - Representing mock-test and sets of questions for self-assessment
- Progress report
 - Representing the progress report of the students
- Administrators
 - Representing admin of the system
- Notifications
 - Representing Objects used to send messages and updates to users
- Feedback
 - Representing the feedback messages of students

Study of existing system

Our existing system case study is on marugujarat.in that is a popular website in Gujarat, India, Founded by Mr. Ranjit Thakor that serves as a comprehensive platform for government job seekers, exam aspirants, and individuals seeking information related to various government exams and recruitment opportunities

The website is dedicated to providing up-to-date and relevant information about government job vacancies, exam notifications, syllabus, study materials, and other important resources

MaruGujarat.in is a leading online platform for exam preparation in Gujarat, offering comprehensive study materials, practice tests, and real-time updates for various competitive exams

Advantages and disadvantages of existing system

➤ Advantages:

- Comprehensive Job Listings
- Exam Notifications and Updates
- Study Materials and Resources
- Community and Support

➤ Disadvantages:

- Limited scope
- Limited Focus
- Not an easy to use
- Much more complex
- Difficult for new user
- Not an user-Friendly Interface
- Lack of Personalized Guidance
- Need professional skills to access
- Content and navigation menu is repeated
- Not giving 100% for required preparation

Problems in existing system

➤ Operational level problems

- User get too much confusion for access the system
- User cannot get proper guidance
- Complexity distract the concentration
- Cannot get professional mentoring
- Some contents are repeated that causes dissatisfaction
- Learner can't get sufficient material

➤ Technical level problems

- Some style and transitions made the website difficult to understand
- Image map is not used which makes the website not easy to use
- User Interface (UI) and User Experience (UX) Challenges

➤ Informational level problems

- Insufficient Updates
- Lack of Expertise or Authority
- Outdated Job Listings
- Insufficient Study Materials
- Lack of guidance that can be used as basic knowledge to use the site

Proposed system

"We expect to design and develop an e-learning management system that will provide UPSC and GPSC exams preparation service, content and necessary guidance"

Our proposed online UPSC and GPSC exam preparation app will make studying for these important exams easier. It will have study materials, practice tests, and updates about the exams. You can track your progress and get help from experts. It's your one-stop solution for doing well in these competitive exams

We're creating an app to help you prepare for UPSC and GPSC exams. It will have easy-to-understand study materials, practice tests, and updates about the exams

Advantages and disadvantages of proposed system

➤ Advantages:

- High scope
- Will be easy to use
- User friendly interface
- Will be Cost-Effective
- Mobile accessibility also
- Notification and communication
- Provides latest material available
- Each topic will have in-depth information
- Necessary environment for learners concentration
- Materials will provided by highly qualified experts
- Material as a PDFs & video and Mock test will be available
- Everything related to the motive available at single platform

➤ Disadvantages:

- Limited Hands-on Activities
- The mock exam will be conducted as per the time frame
- Not support to multiple language
- Internet dependency
- Limited offline feature

Software requirement specification

SRS is a document that outlines the detailed requirements and specifications for a software system

The SRS serves as a blueprint for software development

➤ **Client side**

- ❖ Hardware
- ❖ Software

➤ **Developer side**

- ❖ Hardware
- ❖ Software

➤ **Server side**

- ❖ Hardware
- ❖ Software

➤ Client side

➤ Hardware

Component	Recommended
processor	Dual core, at least 2.0 GHz
RAM	8GB above
display	1920 x 1080 pixels
Hard disk	128GB TO 256GB
network	stable internet connection with reasonable bandwidth

Activate
Go to Seti

➤ Software

Component	Recommended
Operating system	Windows, macOS, or Linux
Application system	popular web browsers such as Google Chrome, Mozilla Firefox, Microsoft Edge, or Safari

➤ **Developer side**

➤ Hardware

component	Recommended
processor	Multiple cores, 3.0GHz above
RAM	16GB above
display	1920 x 1080 pixels
Hard disk	2 TB above
network	stable internet connection with reasonable bandwidth

➤ Software

component	Recommended
Operating system	Windows, macOS, or Linux
Integrated Development Environment	Visual Studio Code (with PHP extensions)
Web server	WAMP or XAMPP
Database management system	MYSQL
Application system	popular web browsers such as Google Chrome, Mozilla Firefox, Microsoft Edge, or Safari

➤ Server side

➤ Hardware

Component	Recommended
processor	Multiple cores, 3.5GHz above
RAM	32GB above
display	1920 x 1080 pixels
Hard disk	4TB above
network	stable internet connection with reasonable bandwidth

➤ Software

Component	Recommended
Operating system	Windows, macOS, or Linux
Database management system	MySQL
Application system	popular web browsers such as Google Chrome, Mozilla Firefox, Microsoft Edge, or Safari
Web server	WAMP OR XAMPP

➤ **Functional and non-functional requirement**

Functional requirements define what a product must do, what its features and functions are

Whereas Nonfunctional requirements describe the general properties of a system

➤ **Function requirement**

- User Registration & Authentication
 - Allow users to create accounts, providing personal information and login credentials
- Study Materials
 - Offer a wide range of study materials, including syllabus, notes, PDFs, and previous year's question papers
- Mock Tests & Practice Quizzes
- Progress Tracking report
 - Allow users to monitor their overall progress
- Notification System
 - Send reminders about upcoming exams
- Payment Gateway Integration
 - Integrate a secure payment gateway to handle the subscription

➤ **Non-function requirement**

- Performance
 - The application should respond quickly and load pages within an acceptable time frame to provide a smooth user experience
- Scalability
 - The application should be able to handle increasing data and traffic without compromising performance
- Security
 - User data should be encrypted and protected from unauthorized access
- Compatibility
 - The application should work seamlessly on different devices and web browsers
- Support and documentation
 - The application should provide comprehensive documentation to guide users in using the platform effectively

Feasibility study

➤ Operational feasibility

Operational feasibility evaluates whether the e-learning management system aligns with the organization's goals and can be effectively integrated into its existing operations

- Key considerations include:
 - User friendly interface
 - Responsive design
 - Integration with third party tool
 - Training to use the system
 - An easy to use and easy to understand
 - User Interface (UI) and User experience (UX) support

➤ **Technical feasibility**

Technical feasibility examines whether the required technology infrastructure and resources are available to develop, deploy, and maintain the e-learning management system

Technical resources needed for system are mentioned below:

- Hardware
 - It involves sufficient processing power, memory and storage capacity
- Networking infrastructure
 - It includes network switches, router and internet connectivity with adequate bandwidth
- Server software
 - Web server (WAMP or XAMPP), a database management system (MYSQL), and other necessary software component
- Development tools
 - Integrated development environment (IDEs)(visual studio code editor), programming language (PHP), and frameworks or libraries (LARAVEL)
- Content creation tools
 - Tools required to create and edit course content such as multimedia editor, video editing software
- Backup and recovery tools
 - Tools required for backup and recovery of the system data

➤ **Economic feasibility**

Economical feasibility assesses the financial viability and cost-effectiveness of implementing the e-learning management system

It includes development cost, implementation cost, training cost and maintenance support costs

- System overall cost
 - Software licensing
 - Customization and integration
 - Development
 - Training & support
 - Maintenance and upgrades
 - Hosting and infrastructure costs
 - Integration with external systems
- Tangible economic benefits
 - Cost saving
 - Time saving
 - Reduced training time
- Intangible economic benefits
 - Improved learning outcomes
 - Knowledge sharing & collaboration
 - Enhanced skills development

➤ **Scheduling feasibility**

Scheduled feasibility evaluates whether the project can be completed within the desired timeframe

- Key consideration related to scheduling feasibility
 - Development Timeframe: Estimating the time required for system design, development, testing, and implementation
 - Resource Availability: Assessing the availability of necessary resources, including skilled personnel, hardware, software, and third-party integrations
 - Project Dependencies: Identifying potential risks, dependencies, and constraints that could impact the project schedule and considering contingency plans
- Address time management for below mentioned activities
 - Project plan and time line
 - Resource availability
 - Risk assessment
 - Frontend and backend development
 - Training and transition period
 - Testing and quality assurance

- Scheduling feasibility table:

Phase	Estimated Duration	Start Date	End Date
Project Title, Project Definition, Technology used	3 days	07/06/2023	09/06/2023
Finalization of title/ definition And technology	3 days	12/06/2023	14/06/2023
Project scope, objective, Study of existing system Advantages and Disadvantages of existing system Operational level problem, Technical level problem Information level problem	12 days	15/06/2023	26/06/2023
Proposed system, advantages and disadvantages of proposed system SRS of the system, feasibility study of system	14 days	27/06/2023	10/07/2023
Proposed system modules, screen layout (on paper only)	08 days	11/07/2023	18/07/2023
E-R diagram Contex, first and second level DFD	23 days	19/07/2023	10/08/2023
Data directory	08 days	11/08/2023	18/08/2023 Activate Windows Go to Settings to activate Windows.
Registration and login page (with coding)	07 days	19/08/2023	25/08/2023

Proposed system modules

In the context of a software application, user modules represent different components or sections of the software that are dedicated to specific user functionalities or features

➤ **Student module**

- Registration module
- Login module
- Select plan and course module
- Payment module
- Search tutorials & videos module
- Accessing study material module
- Taking practice test & quizzes module
- Get result & progress report module
- Communication module
- Feedback module
- Manage profile module
- Logout module

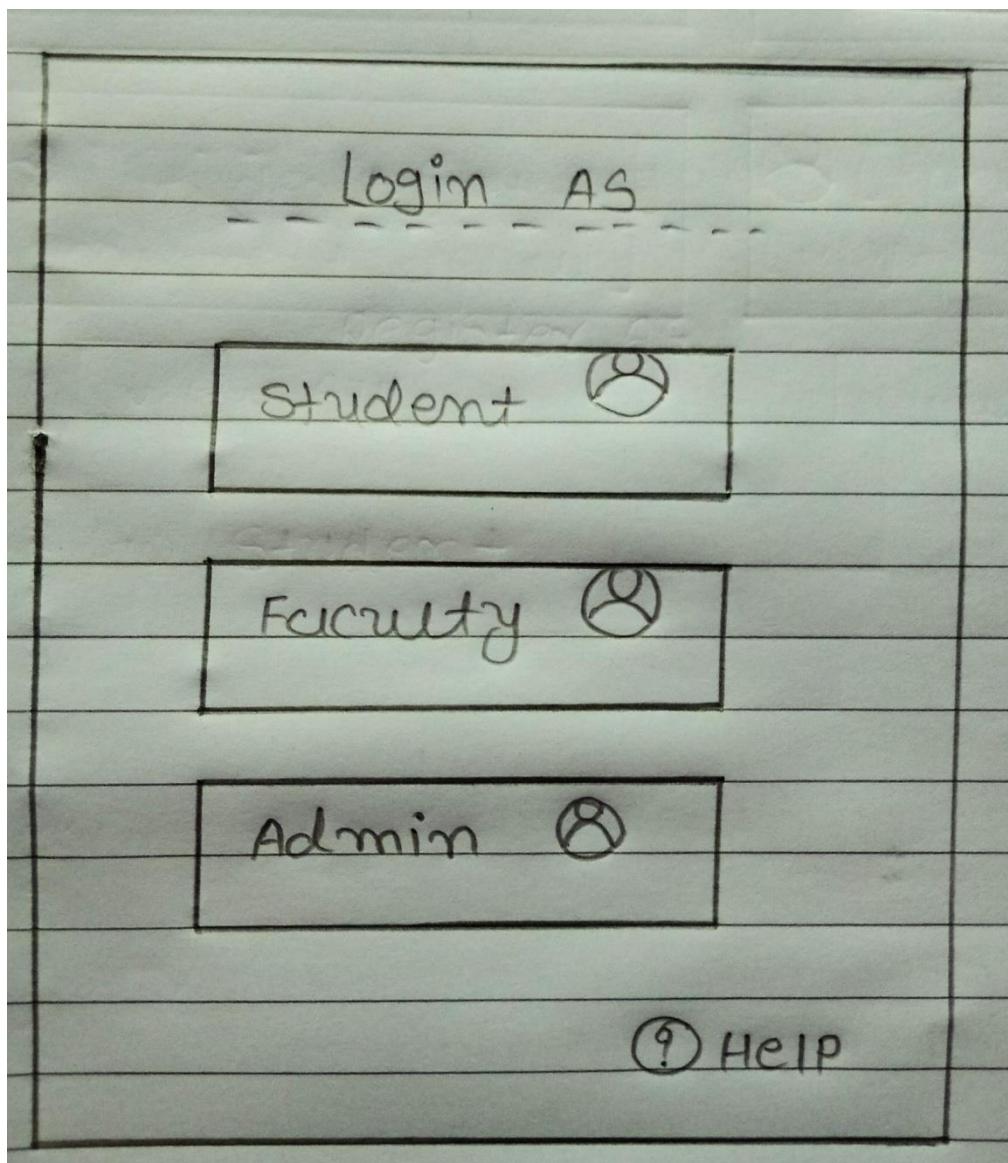

➤ **Faculty module**

- Registration module
- Login module
- Creating & managing course content module
- Uploading & publishing content module
- Set practice test and quizzes module
- Accessing student progress module
- Engaging with student module
- Communication & student support module
- Get paid module
- Feedback to platform module
- Manage profile module
- Logout module

➤ **Admin module**

- Login module
- Approve or reject users registration requests module
- Approve or alert material module
- Approve or manage student enrollment module
- Handling income and expenses module
- Manage communication, notification and updates module
- Platform maintenance and update module
- Manage profile module
- Logout module

Screen designing

- **Student registration**

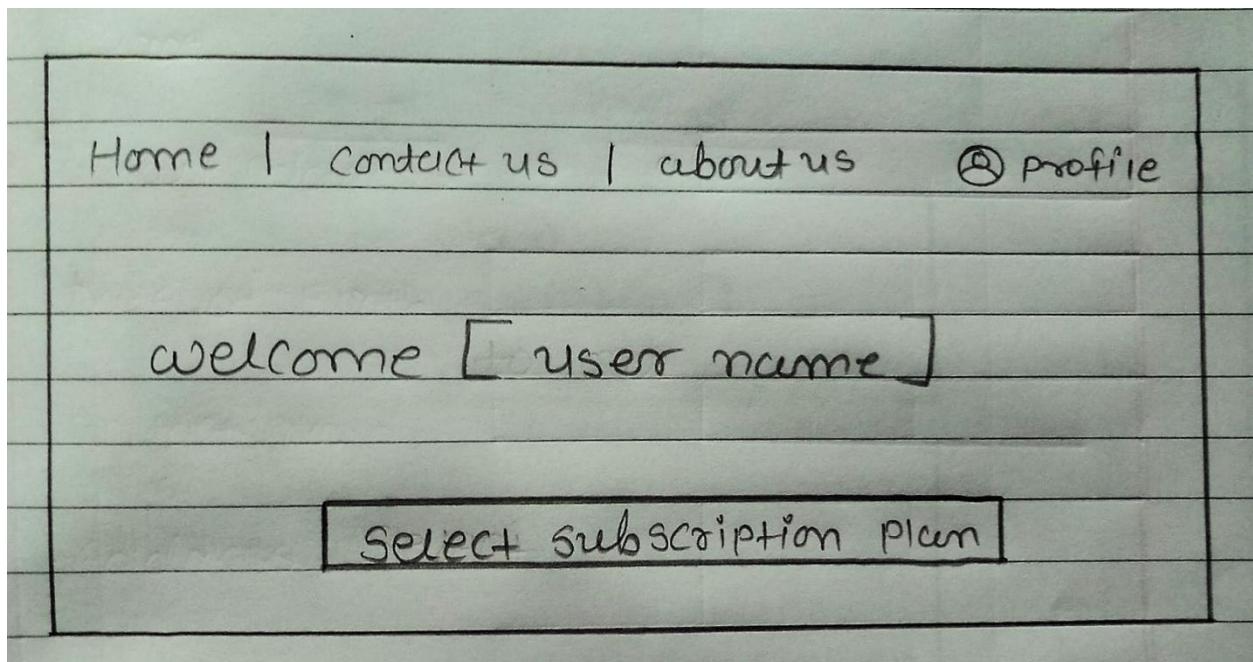

<u>Login</u>	<u>Register</u>

REGISTER					

- Student login

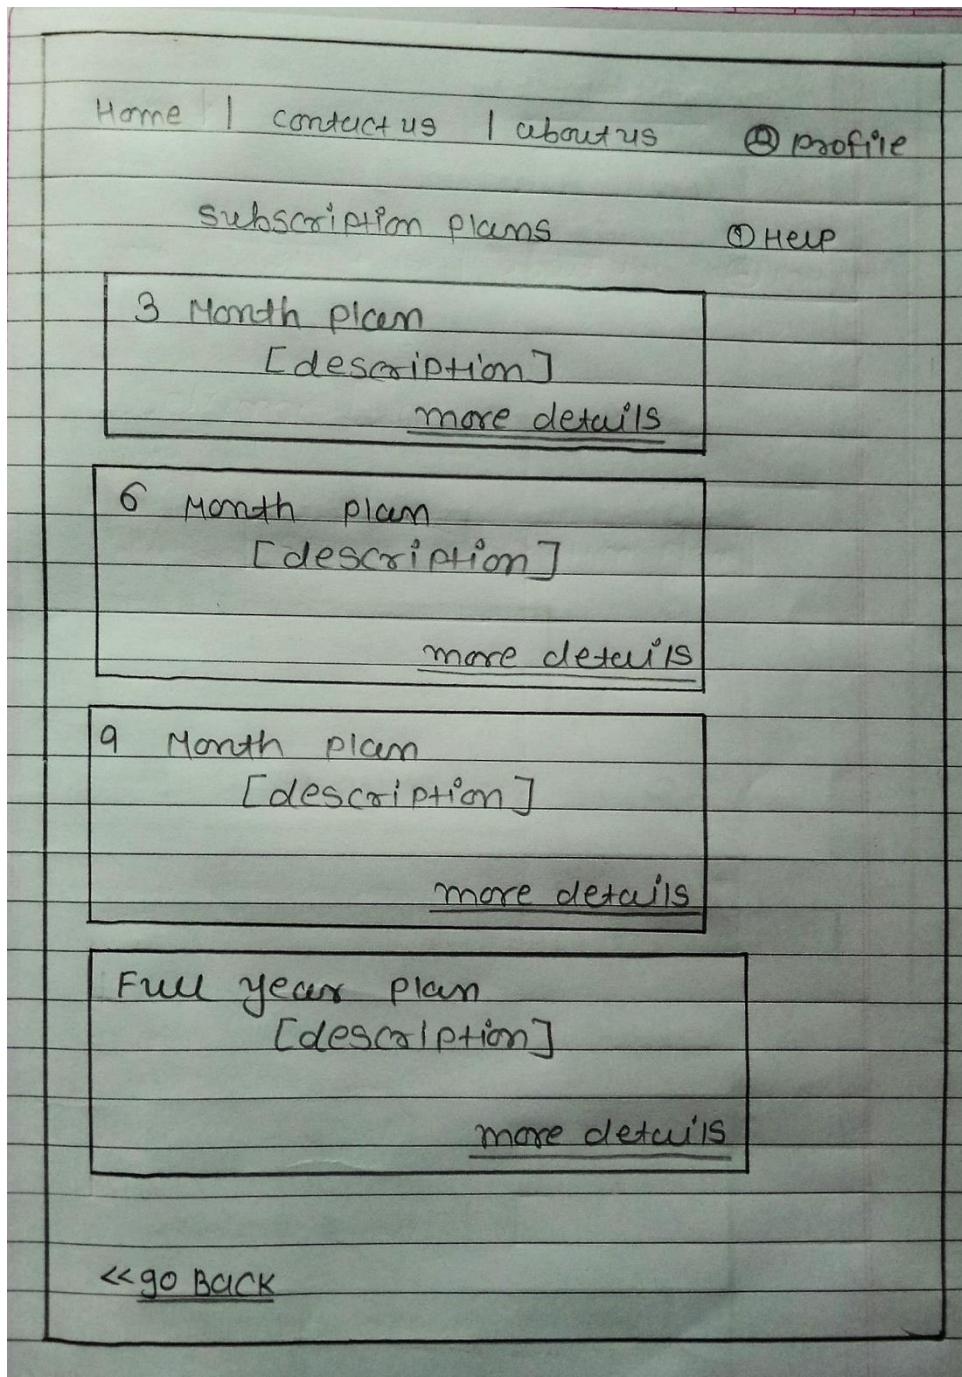

A hand-drawn sketch of a student login interface on lined paper. The sketch includes:

- A top navigation bar with "Login" and "Register" buttons.
- A "Username" field represented by a rectangular box.
- A "Password" field represented by a rectangular box.
- A "Registered contact no" field represented by a rectangular box.
- An "OTP" field represented by a rectangular box, followed by "[seconds]" in brackets.
- A "LOGIN" button enclosed in a rectangular frame.
- A "Go Back" link at the bottom left.

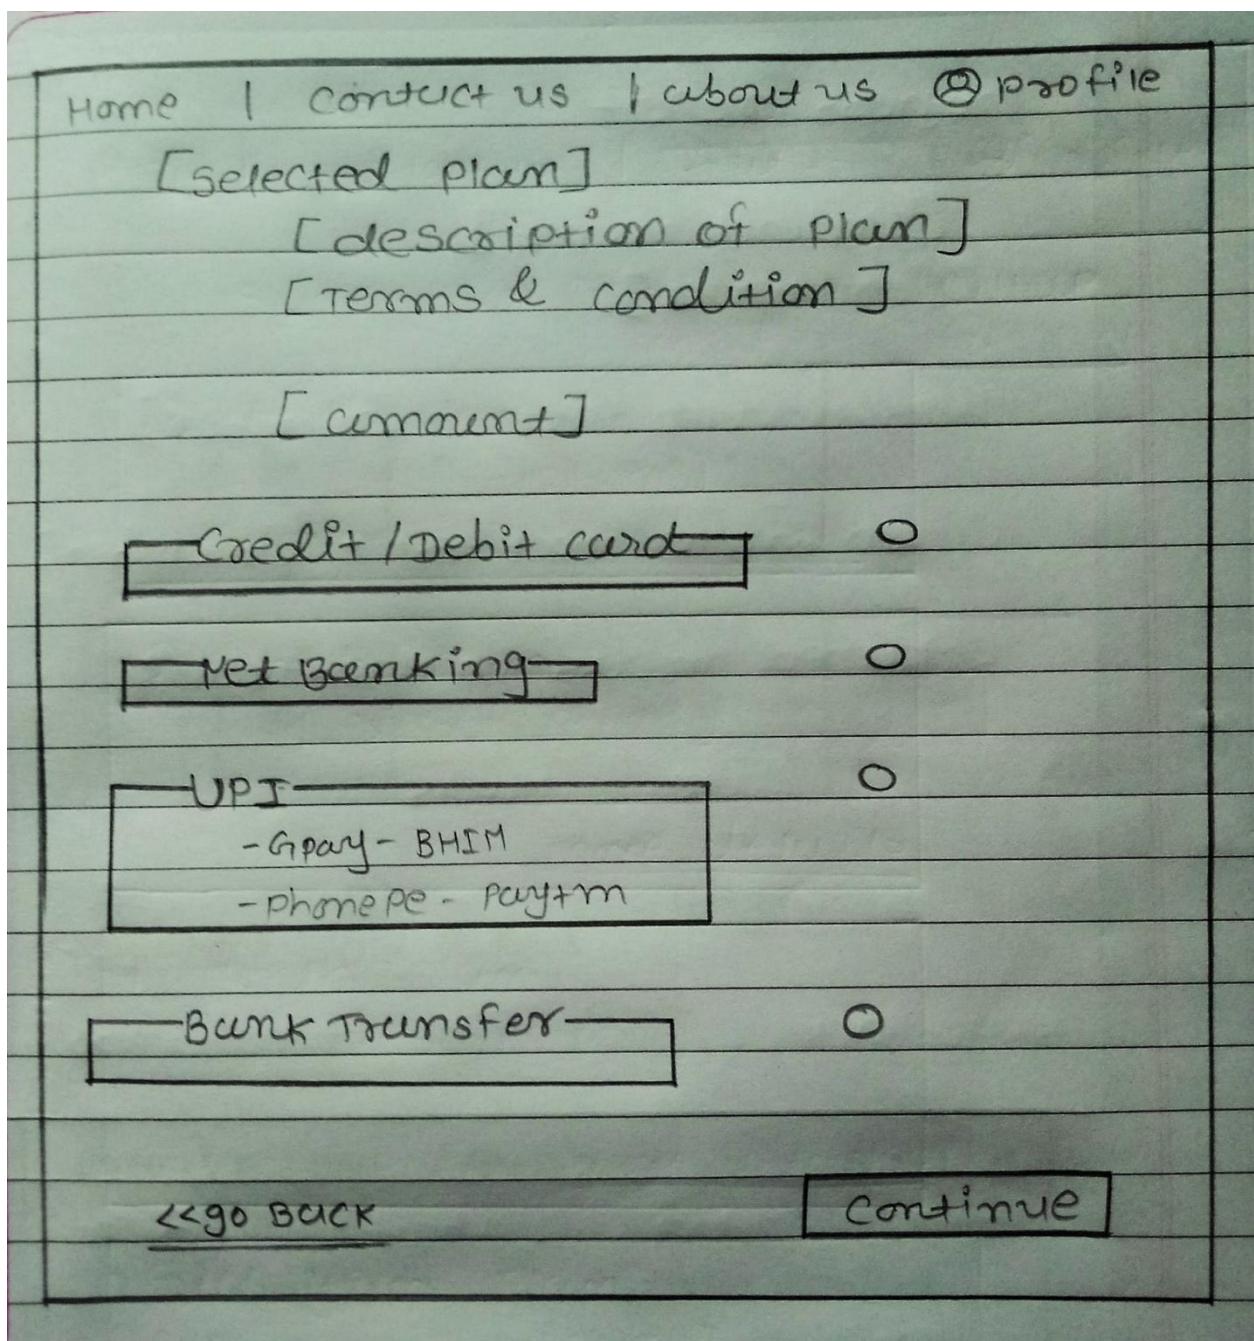

- Student dashboard

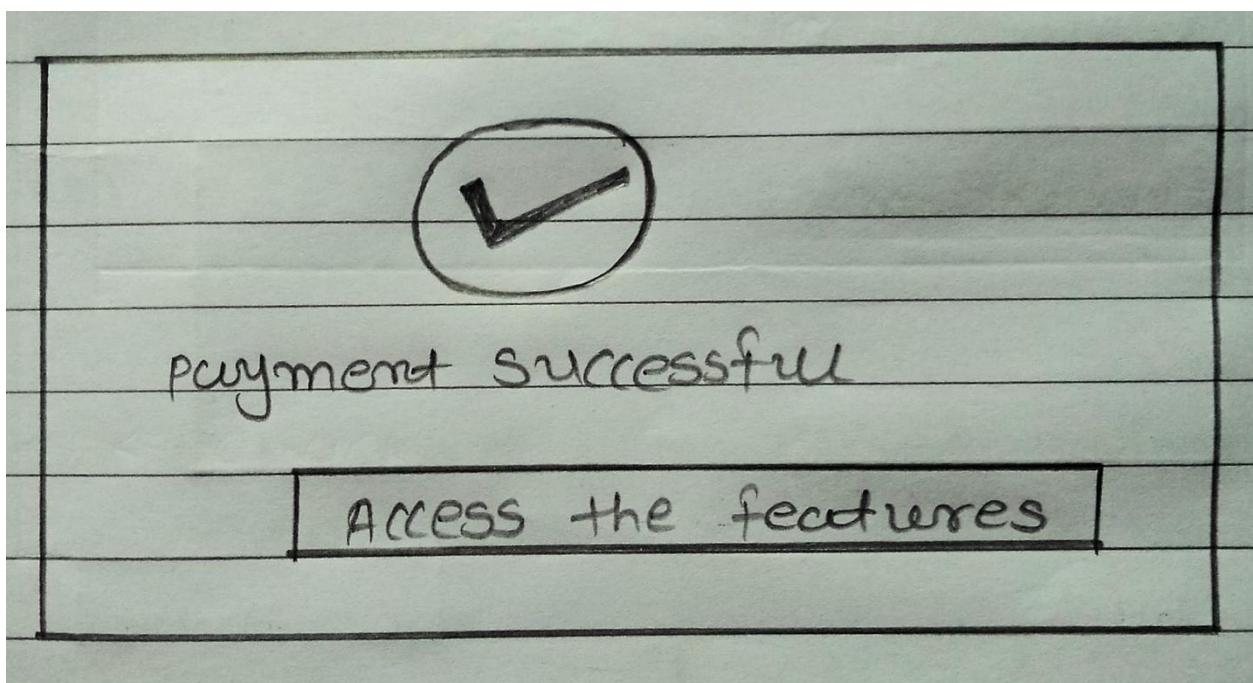

- Subscription plan

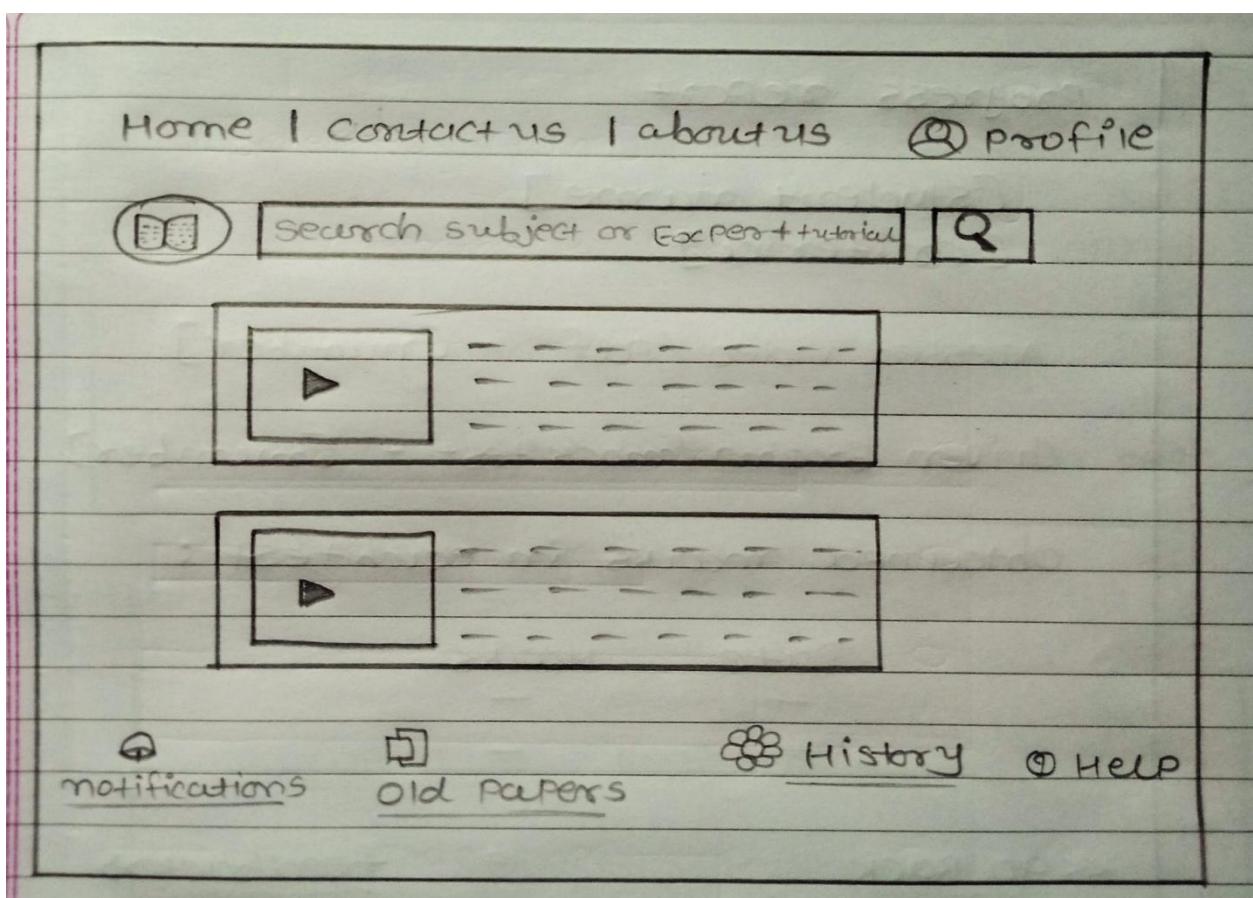

- Payment

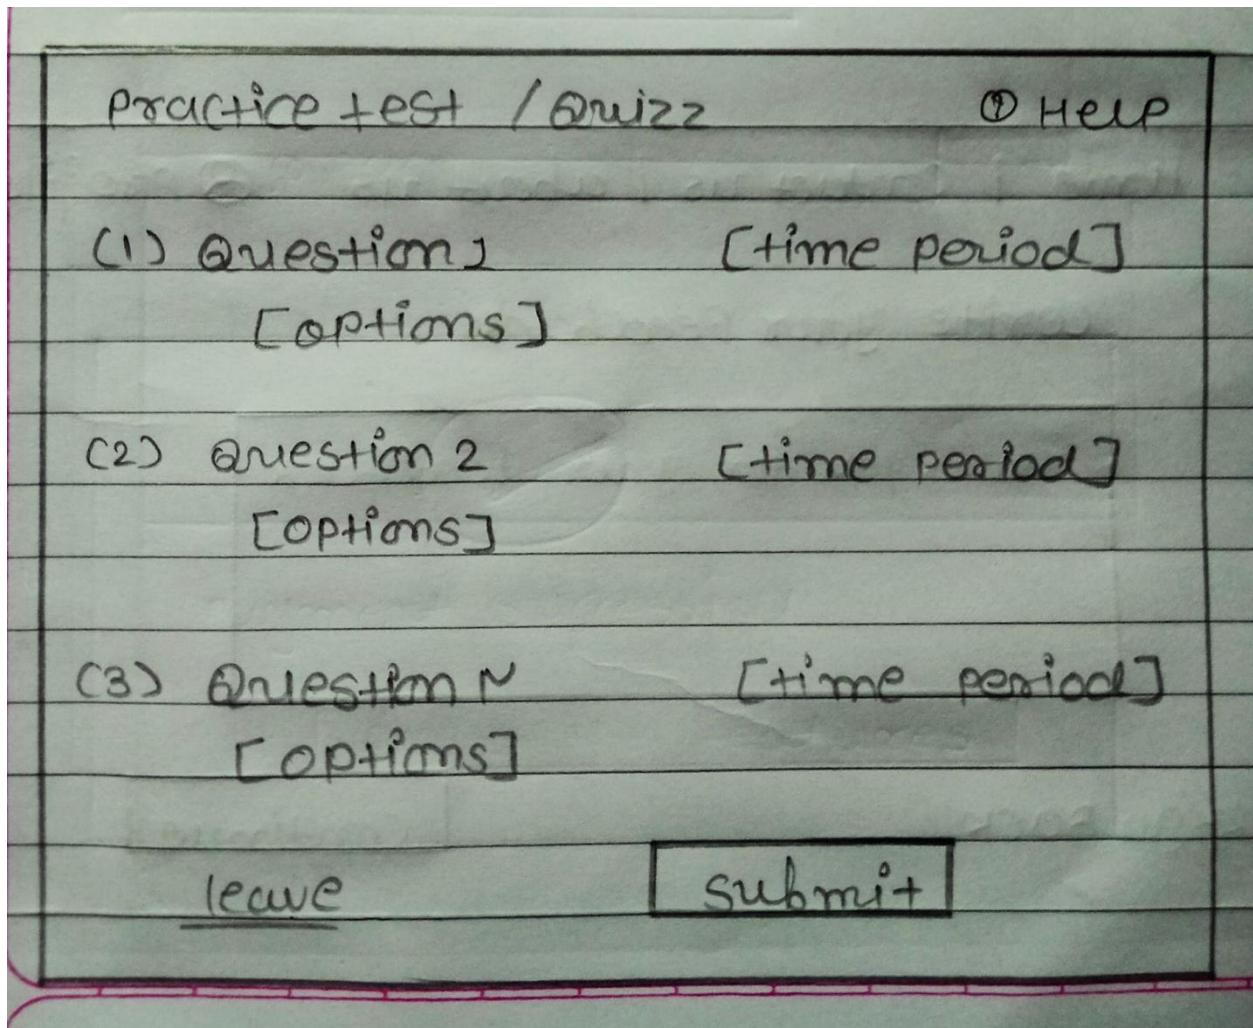

- Payment successful

- Search tutorial

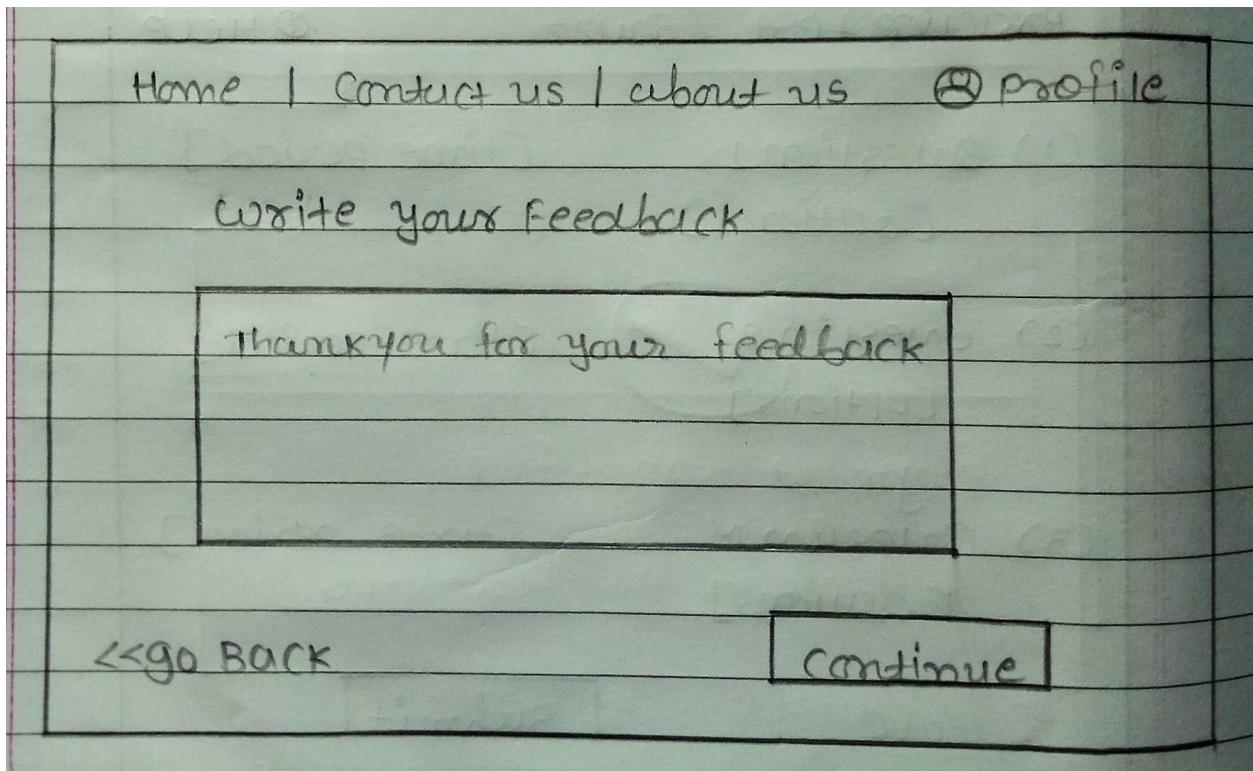

- Practice quizzes

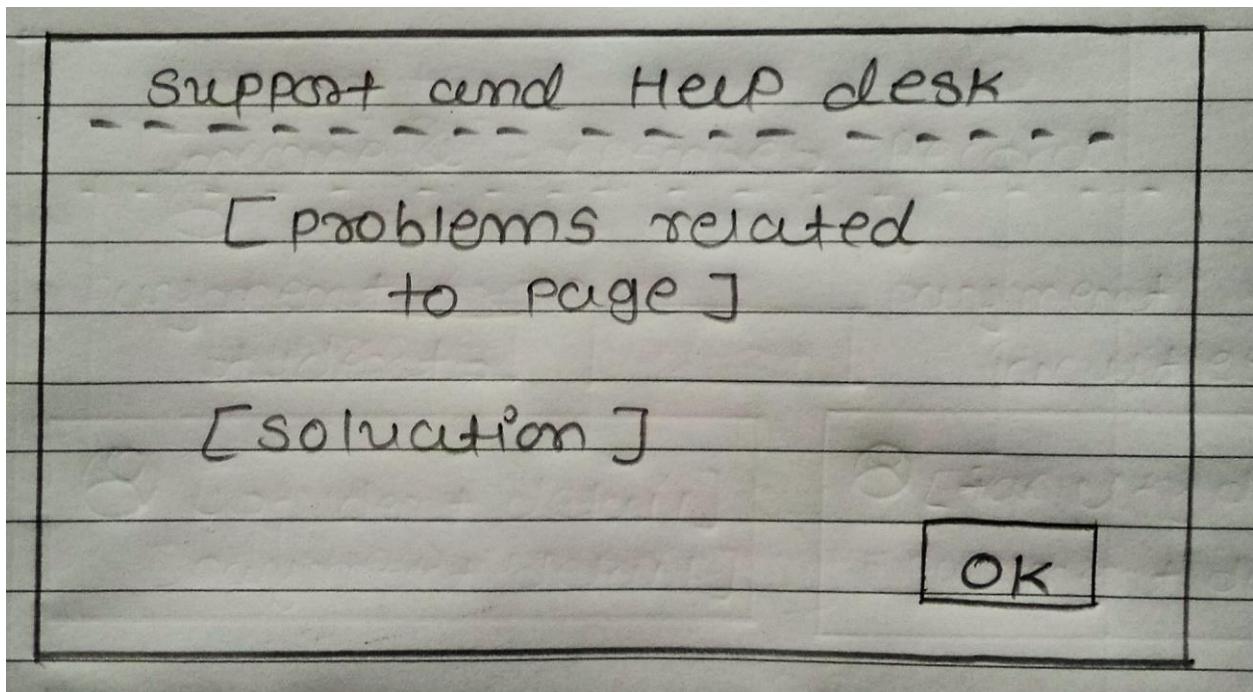

- Progress report

Progress report

<u>Go Back</u>	

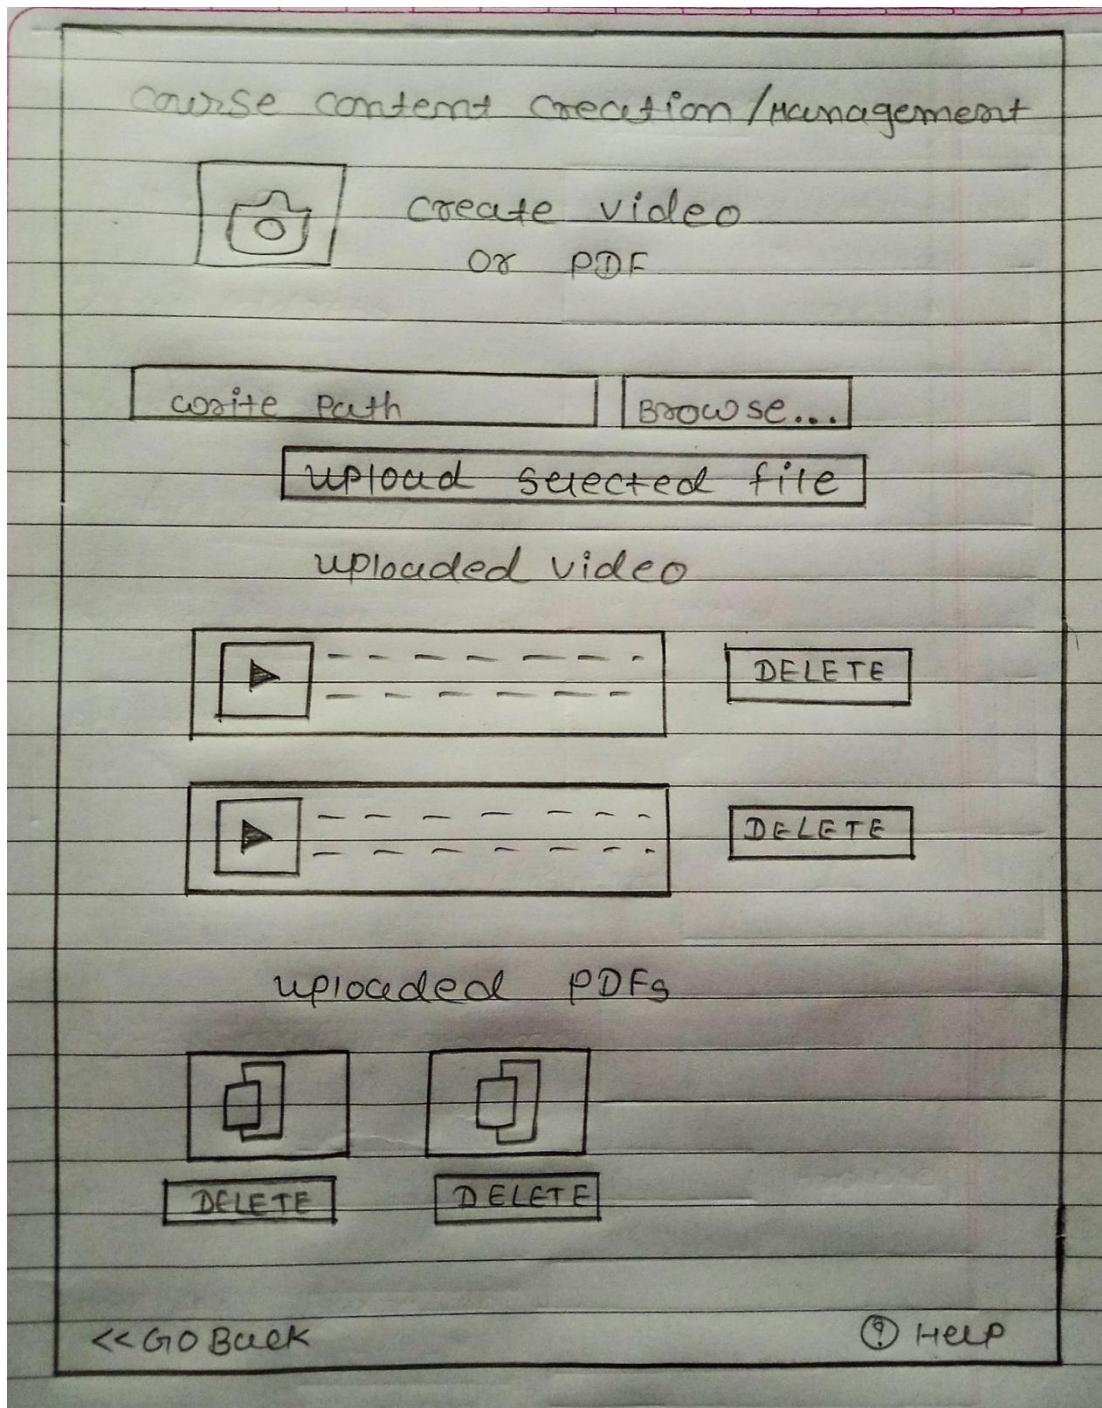

- Faculty login

The sketch depicts a user interface for logging in. At the top left is the word "Login" underlined, and at the top right is "Register". Below "Login" is a text input field labeled "Username". Below "Register" is a text input field labeled "Password". Below these is a text input field labeled "Registered contact no.". To the left of the "OTP" field is the label "OTP". To the right of the "OTP" field is the label "[seconds]". Below these fields is a button labeled "LOGIN". At the bottom left is a link labeled "<< Go Back".

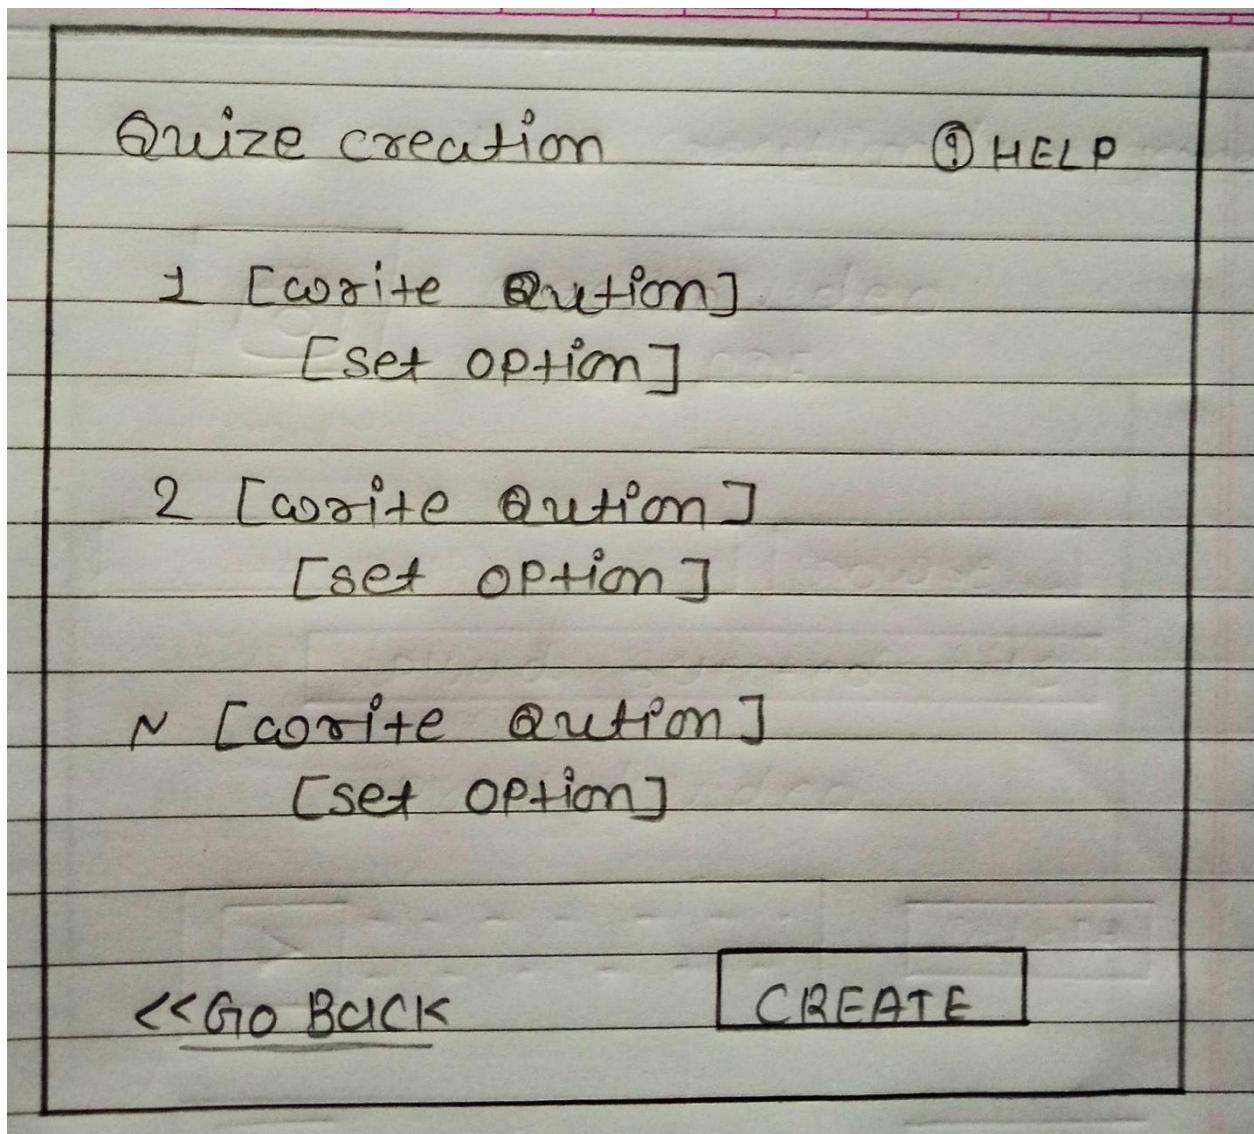

- Faculty dashboard

The sketch depicts a user interface for the Faculty Dashboard. At the top, there is a navigation bar with links: "HOME", "I contact us", "About us", and "Profile". Below the navigation bar is a welcome message: "welcome [username]". At the bottom, there is a button labeled "Create tutorial".

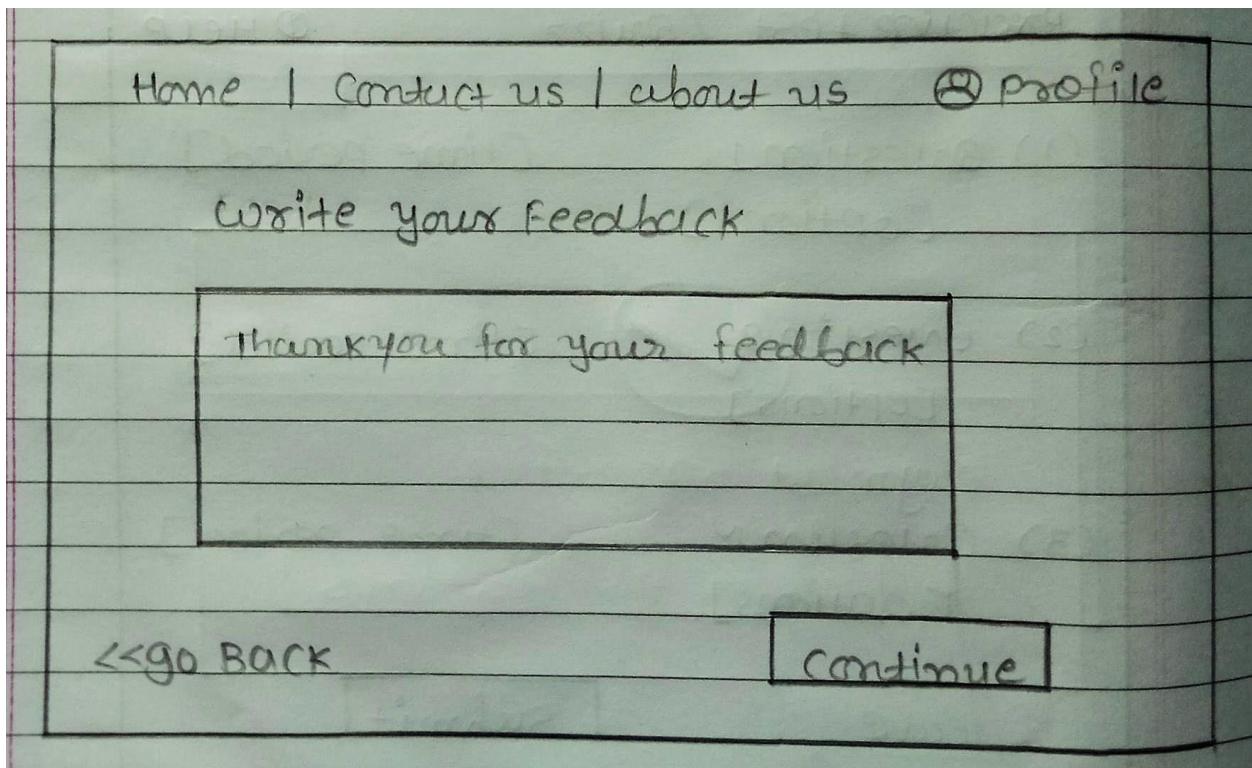

- Create and manage content/tutorial

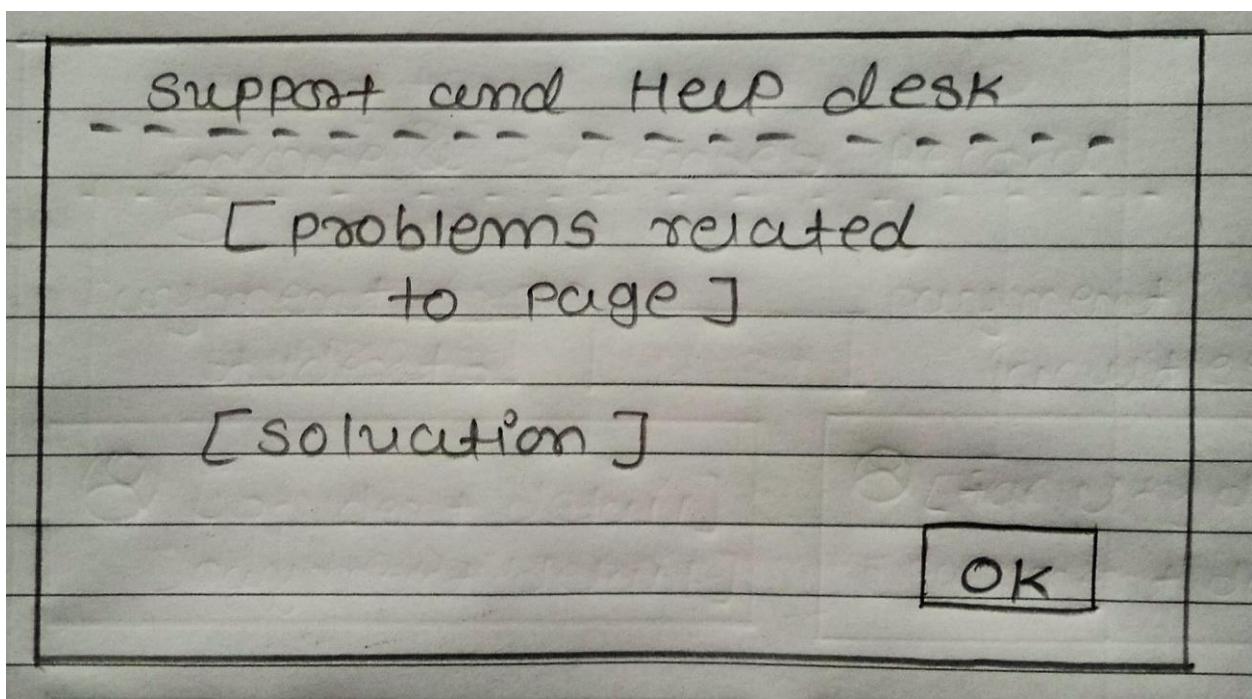

- Create quiz

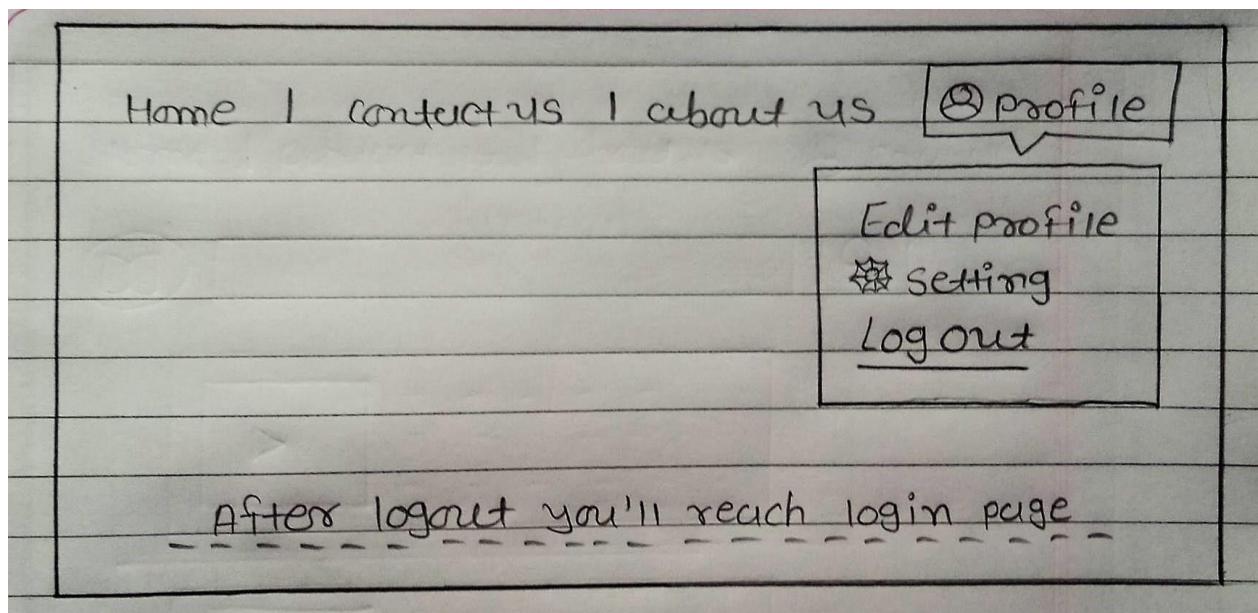

- Feedback

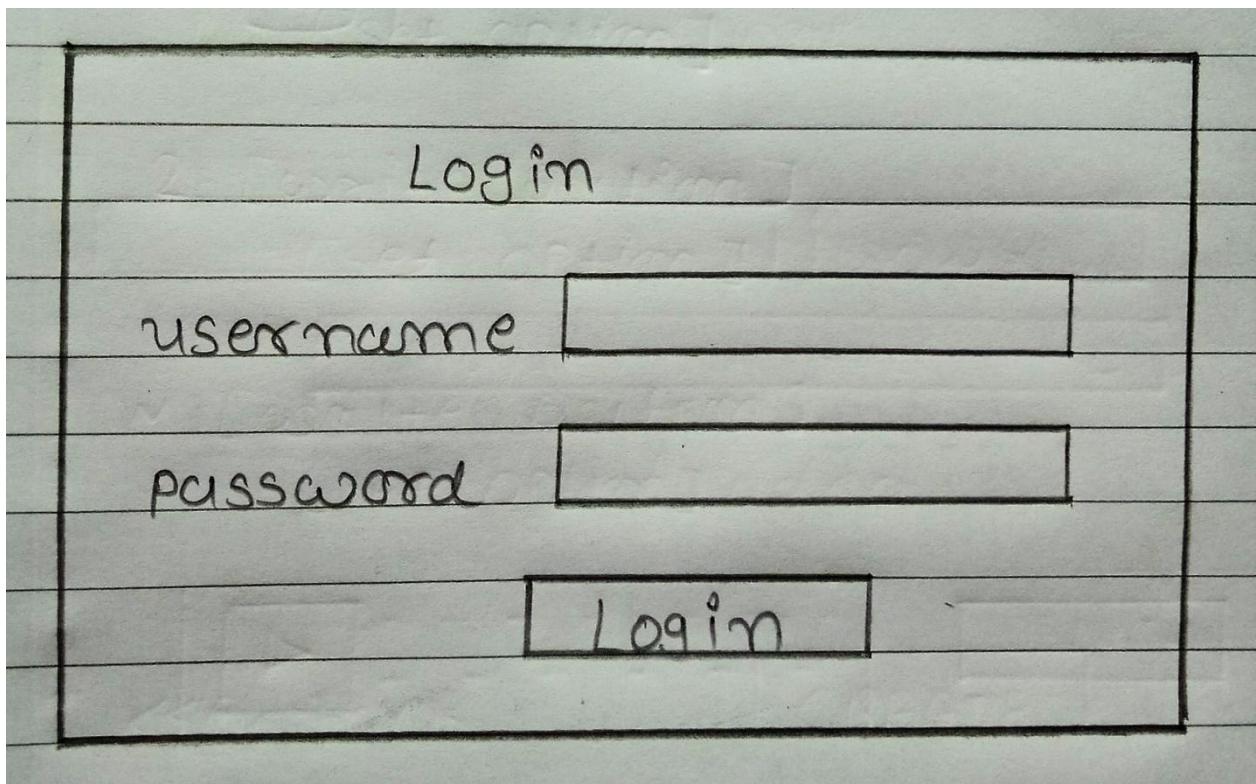

- User support and help desk

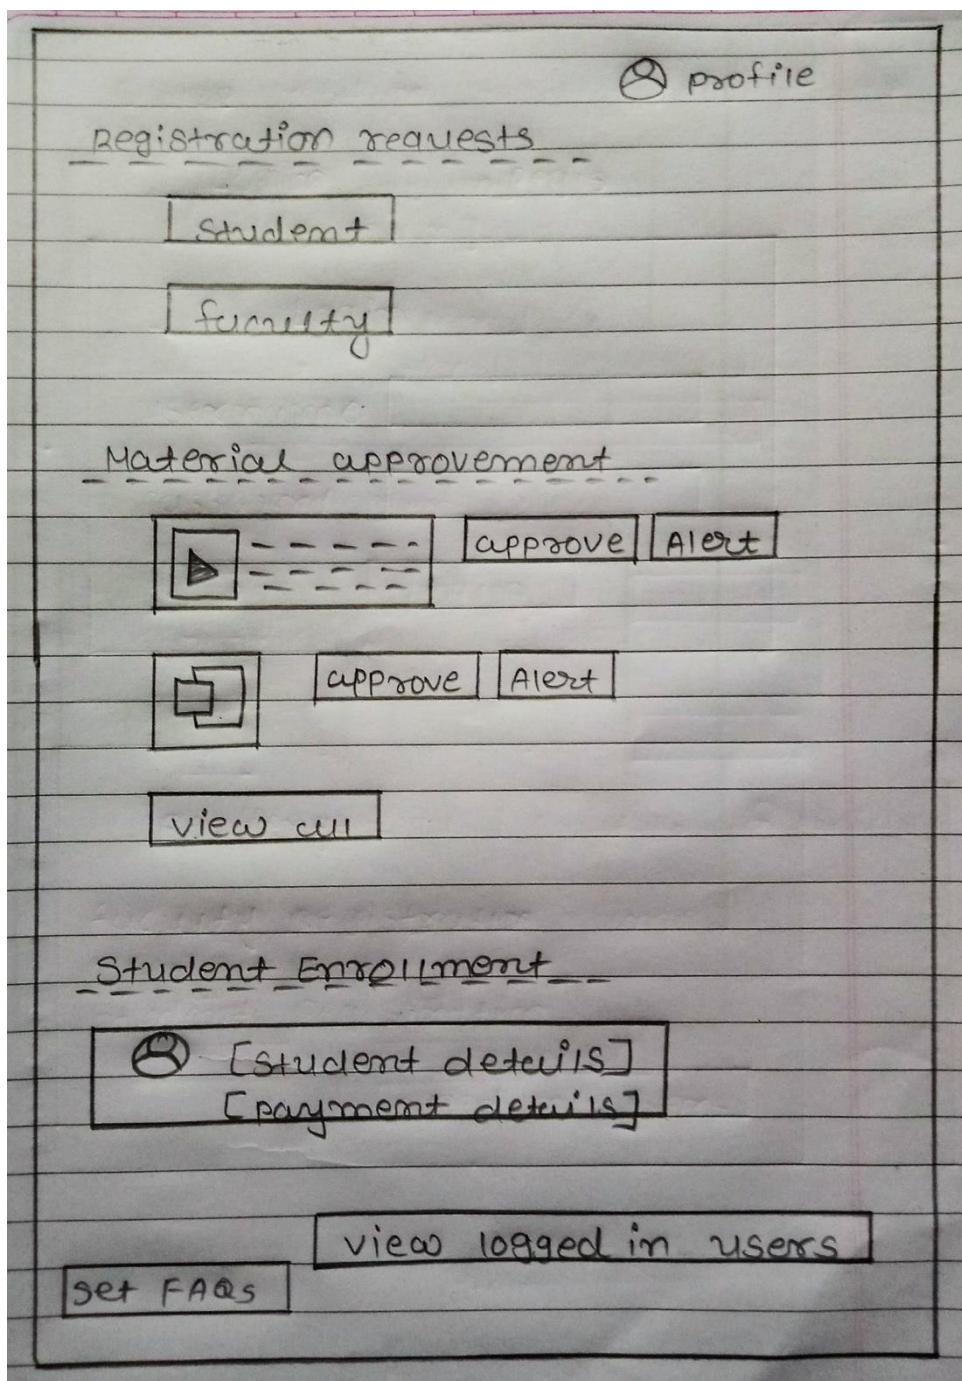

- Logout

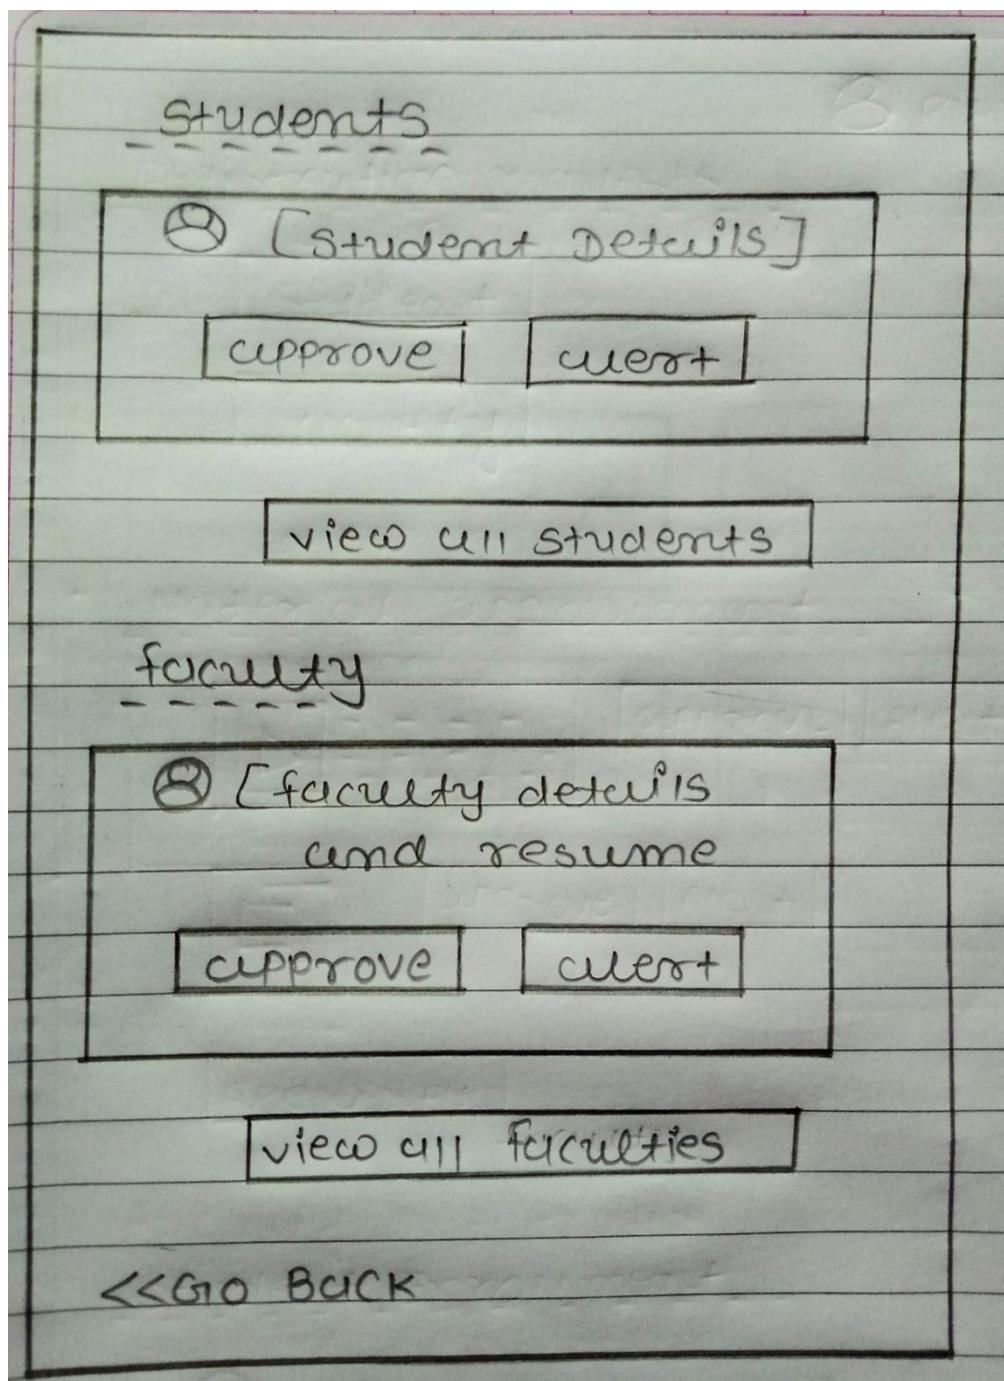

- **Admin login**

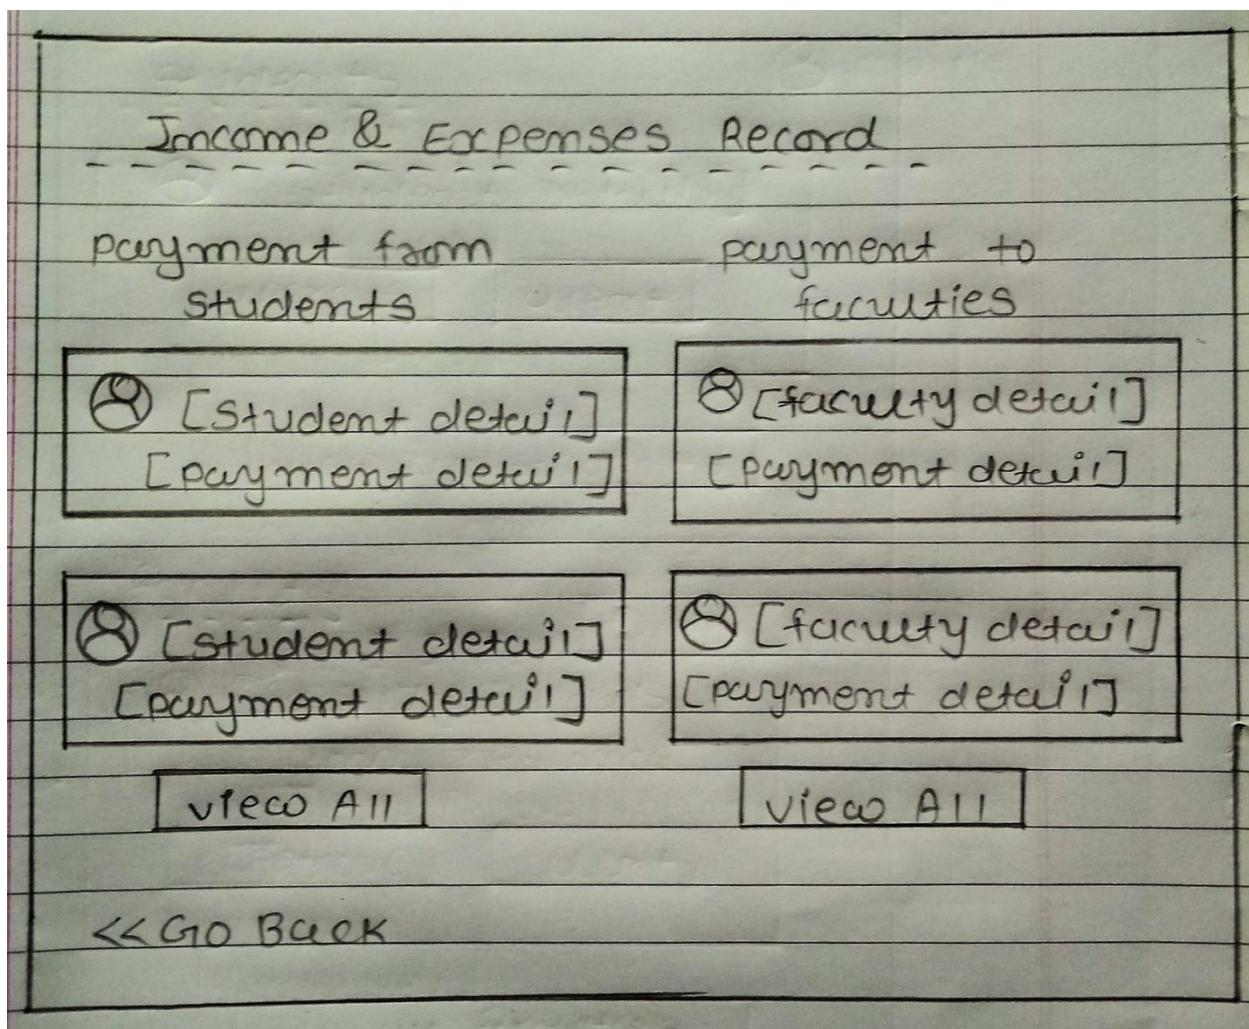

- Admin dashboard

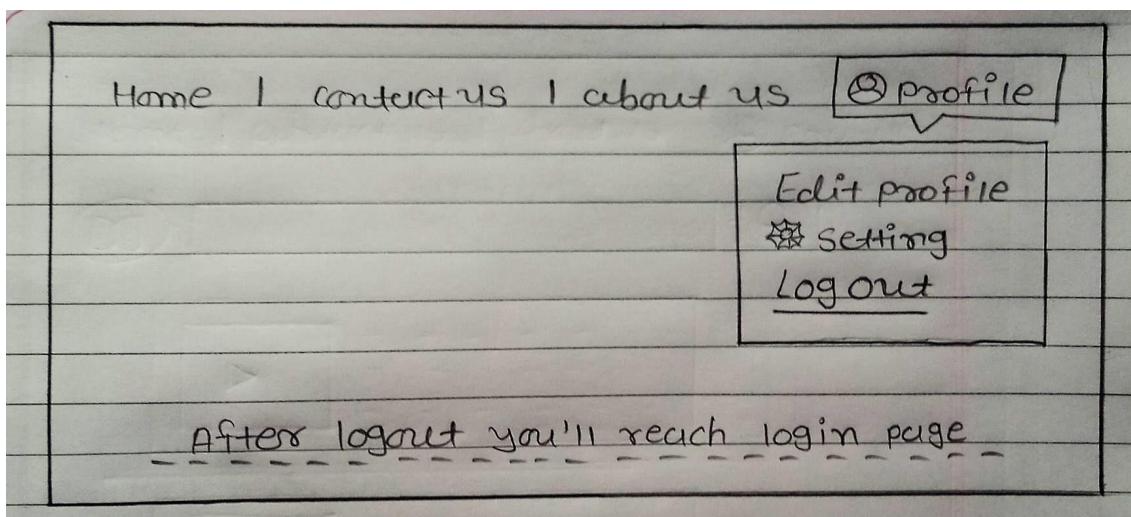

- Users management

- Income and expenses management

- Logout

Data flow diagram

A data-flow diagram is a way of representing a flow of data through a process or system

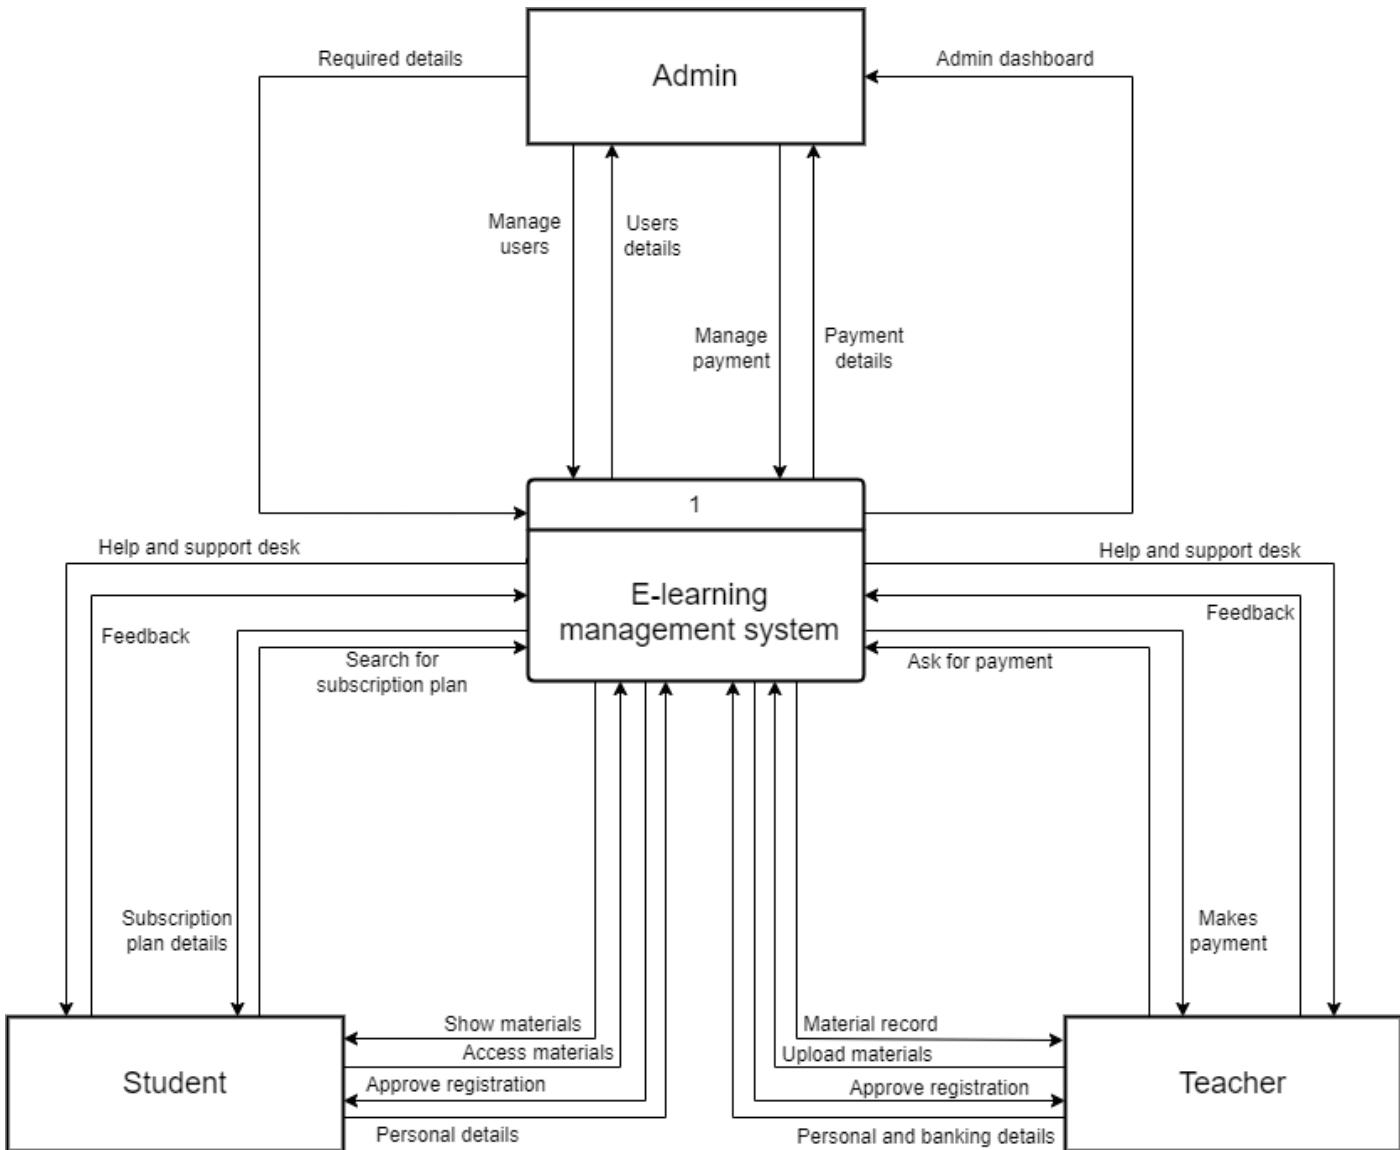

Levels in DFD are numbered 0, 1, 2 or beyond

DFD level 0 is also called a context diagram

- 1) Context diagram
- 2) First-level diagram
- 3) Second-level diagram

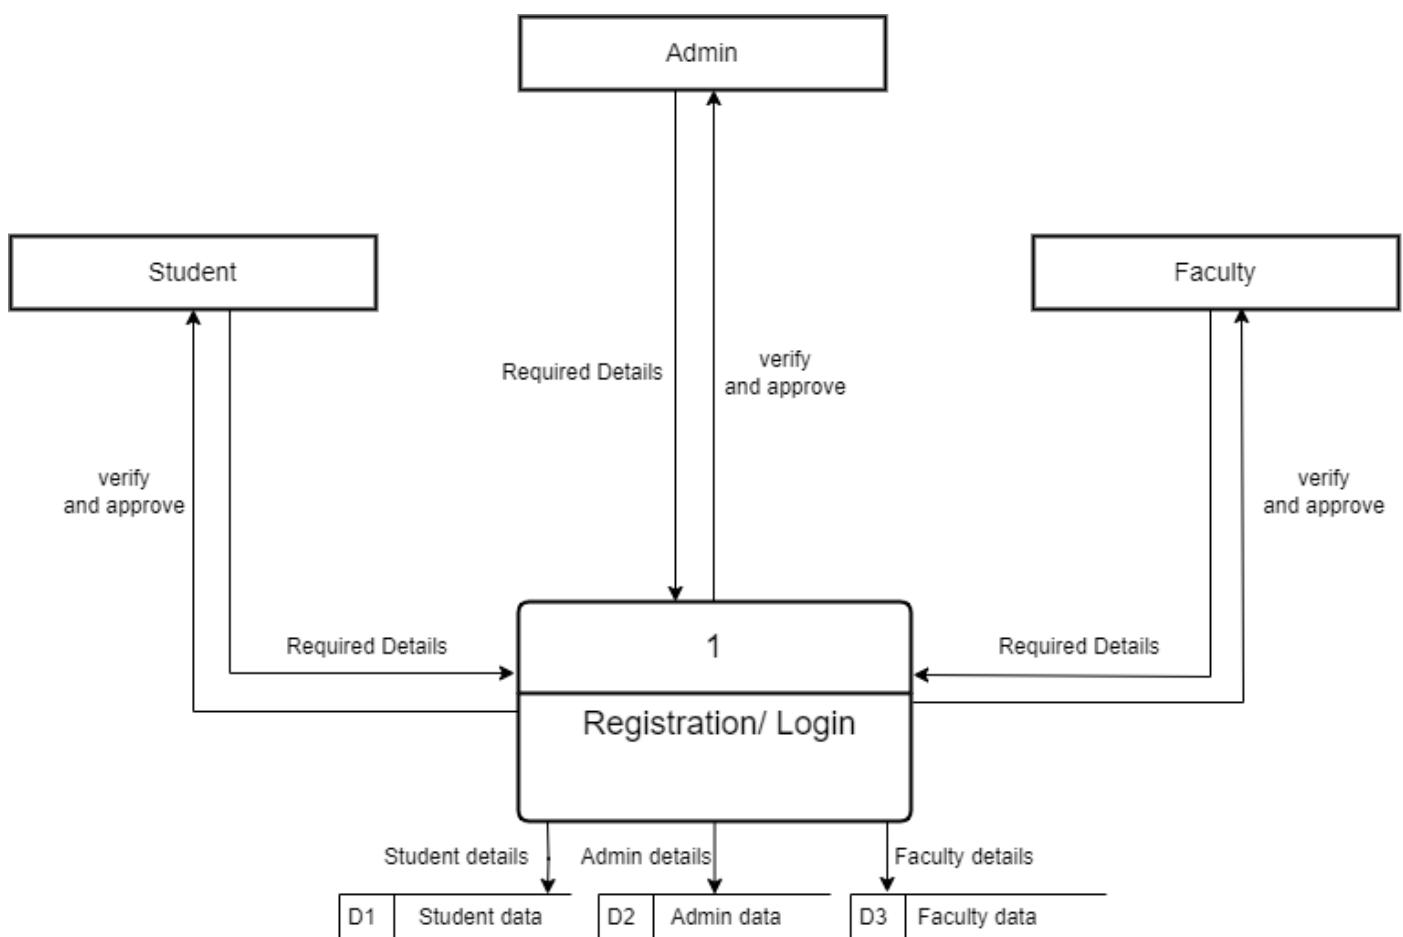

➤ Context diagram

A Context Level Data Flow Diagram (DFD) is a high-level visual representation that illustrates the interactions between a system and external entities, focusing on data flow without internal process details

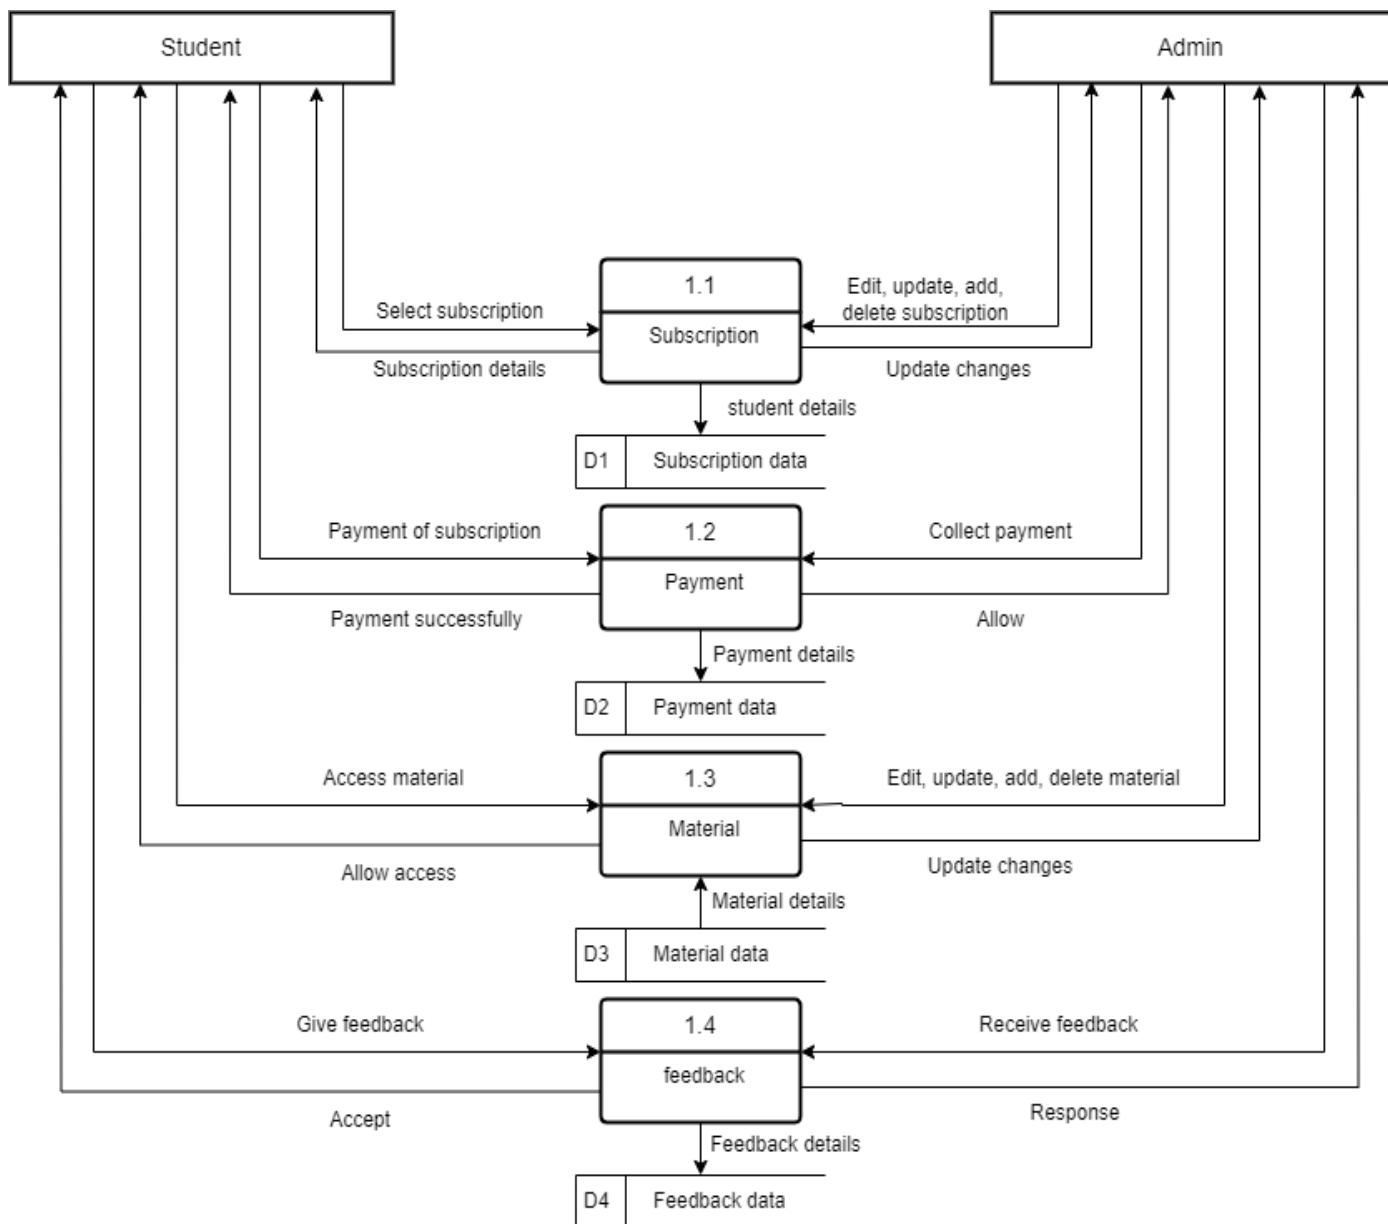

➤ First-level diagram

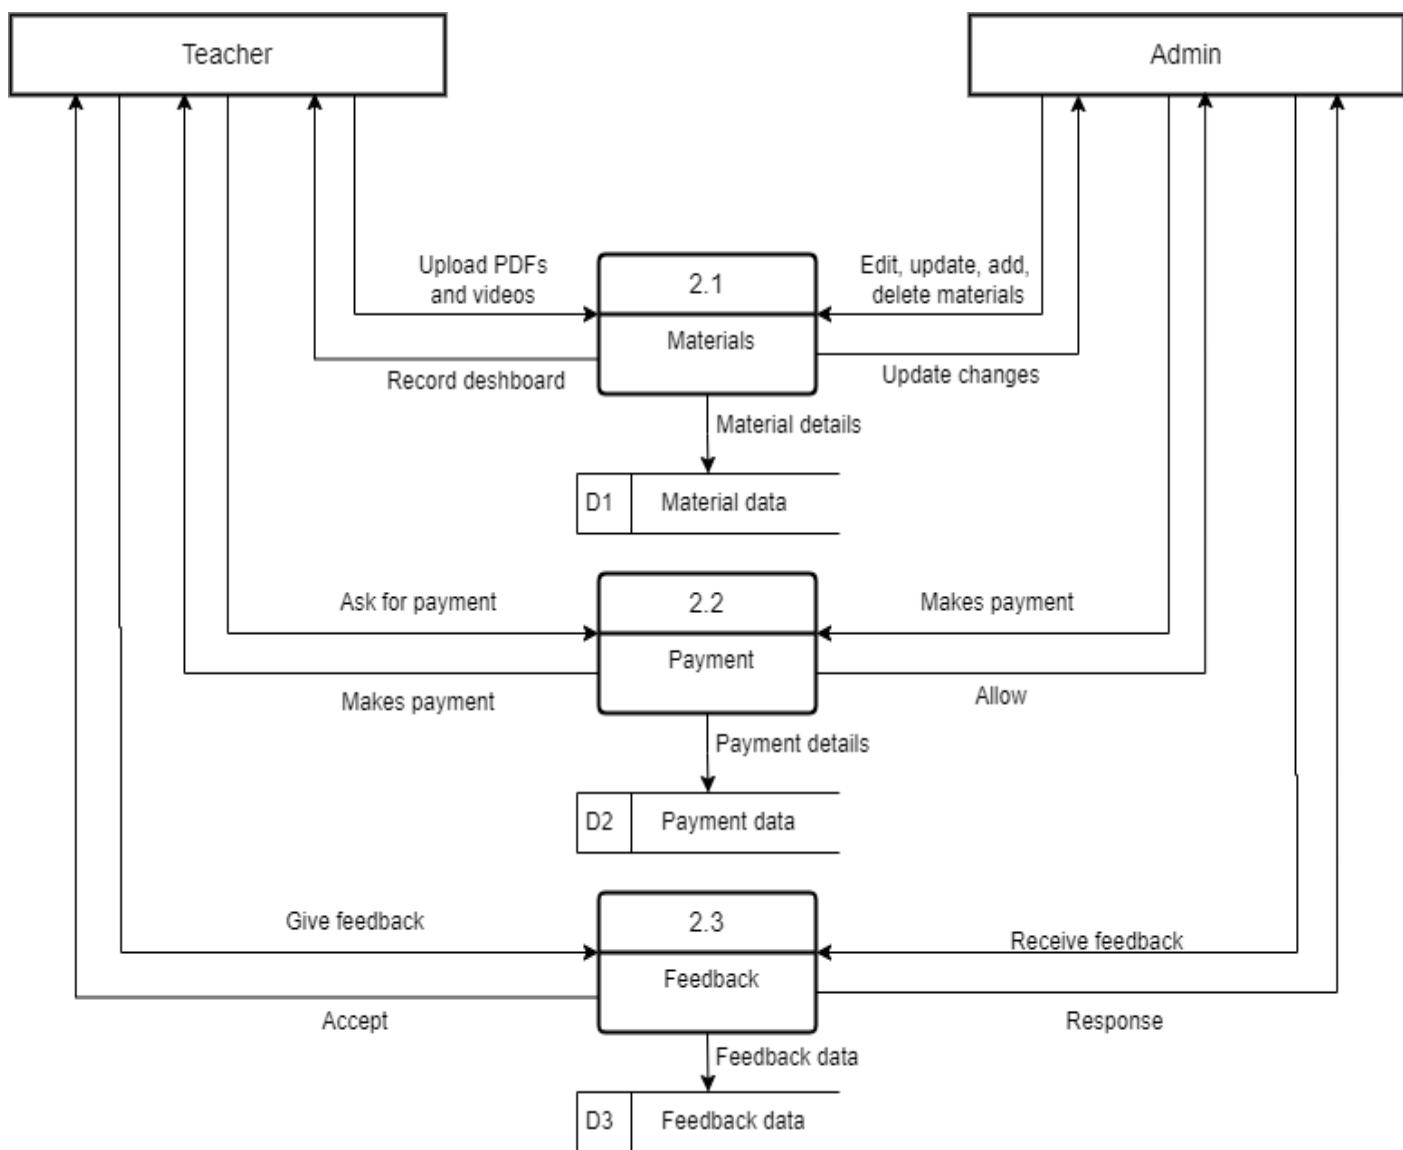

A first-level Data Flow Diagram (DFD) is a visual representation of a system's key processes, data sources, and data destinations, providing an intermediate level of detail between the high-level context diagram and more detailed DFDs

➤ First-level diagram of student

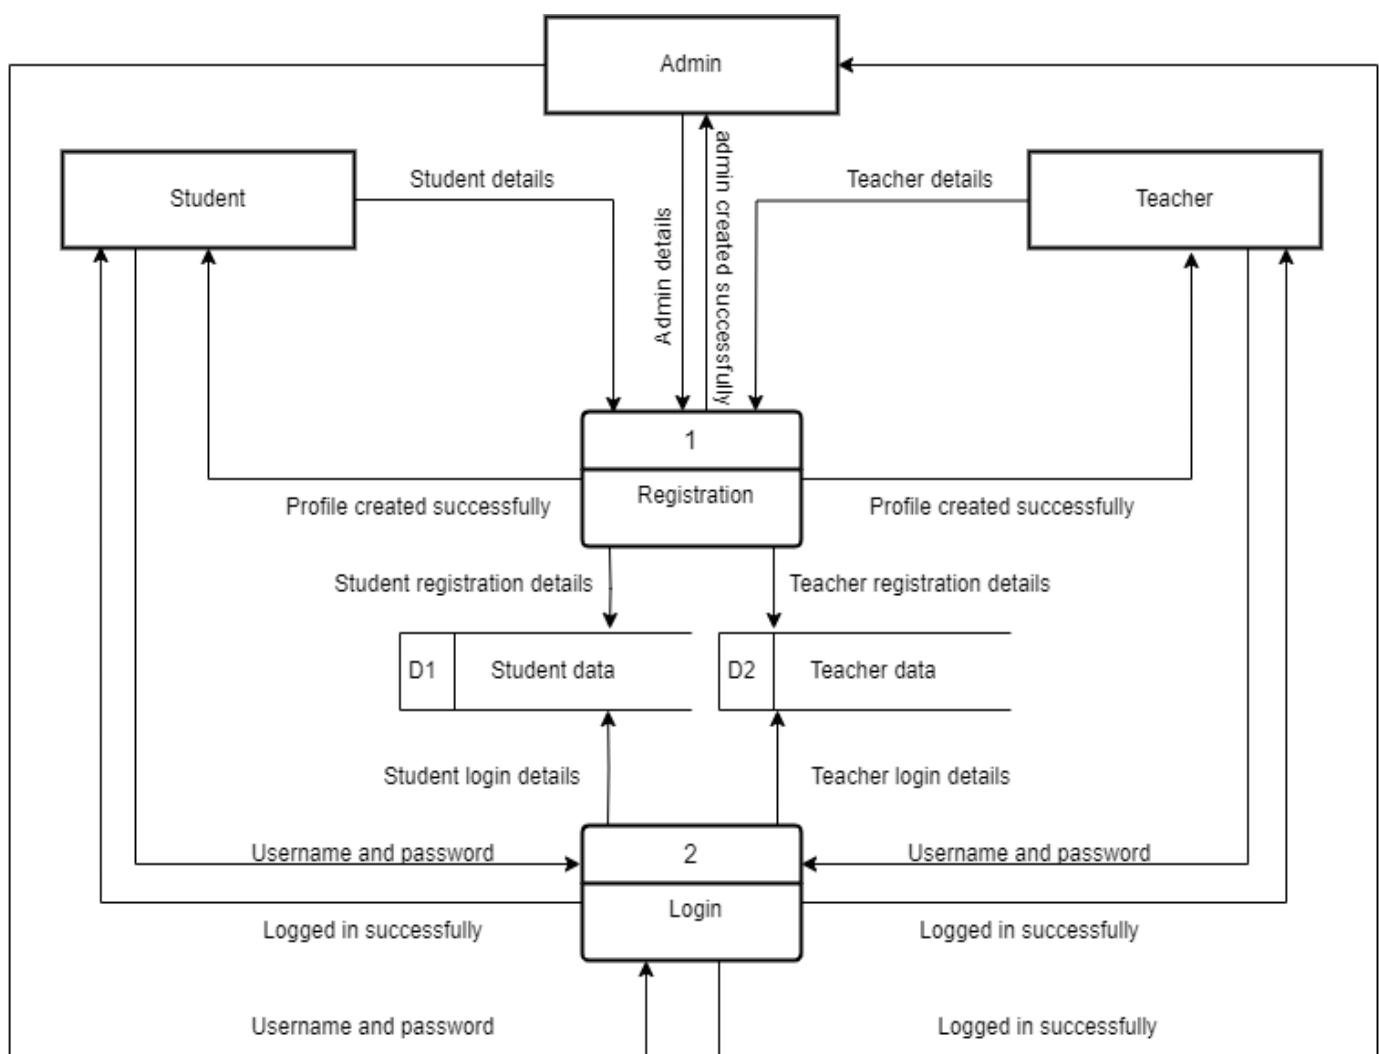

➤ First-level diagram of faculty

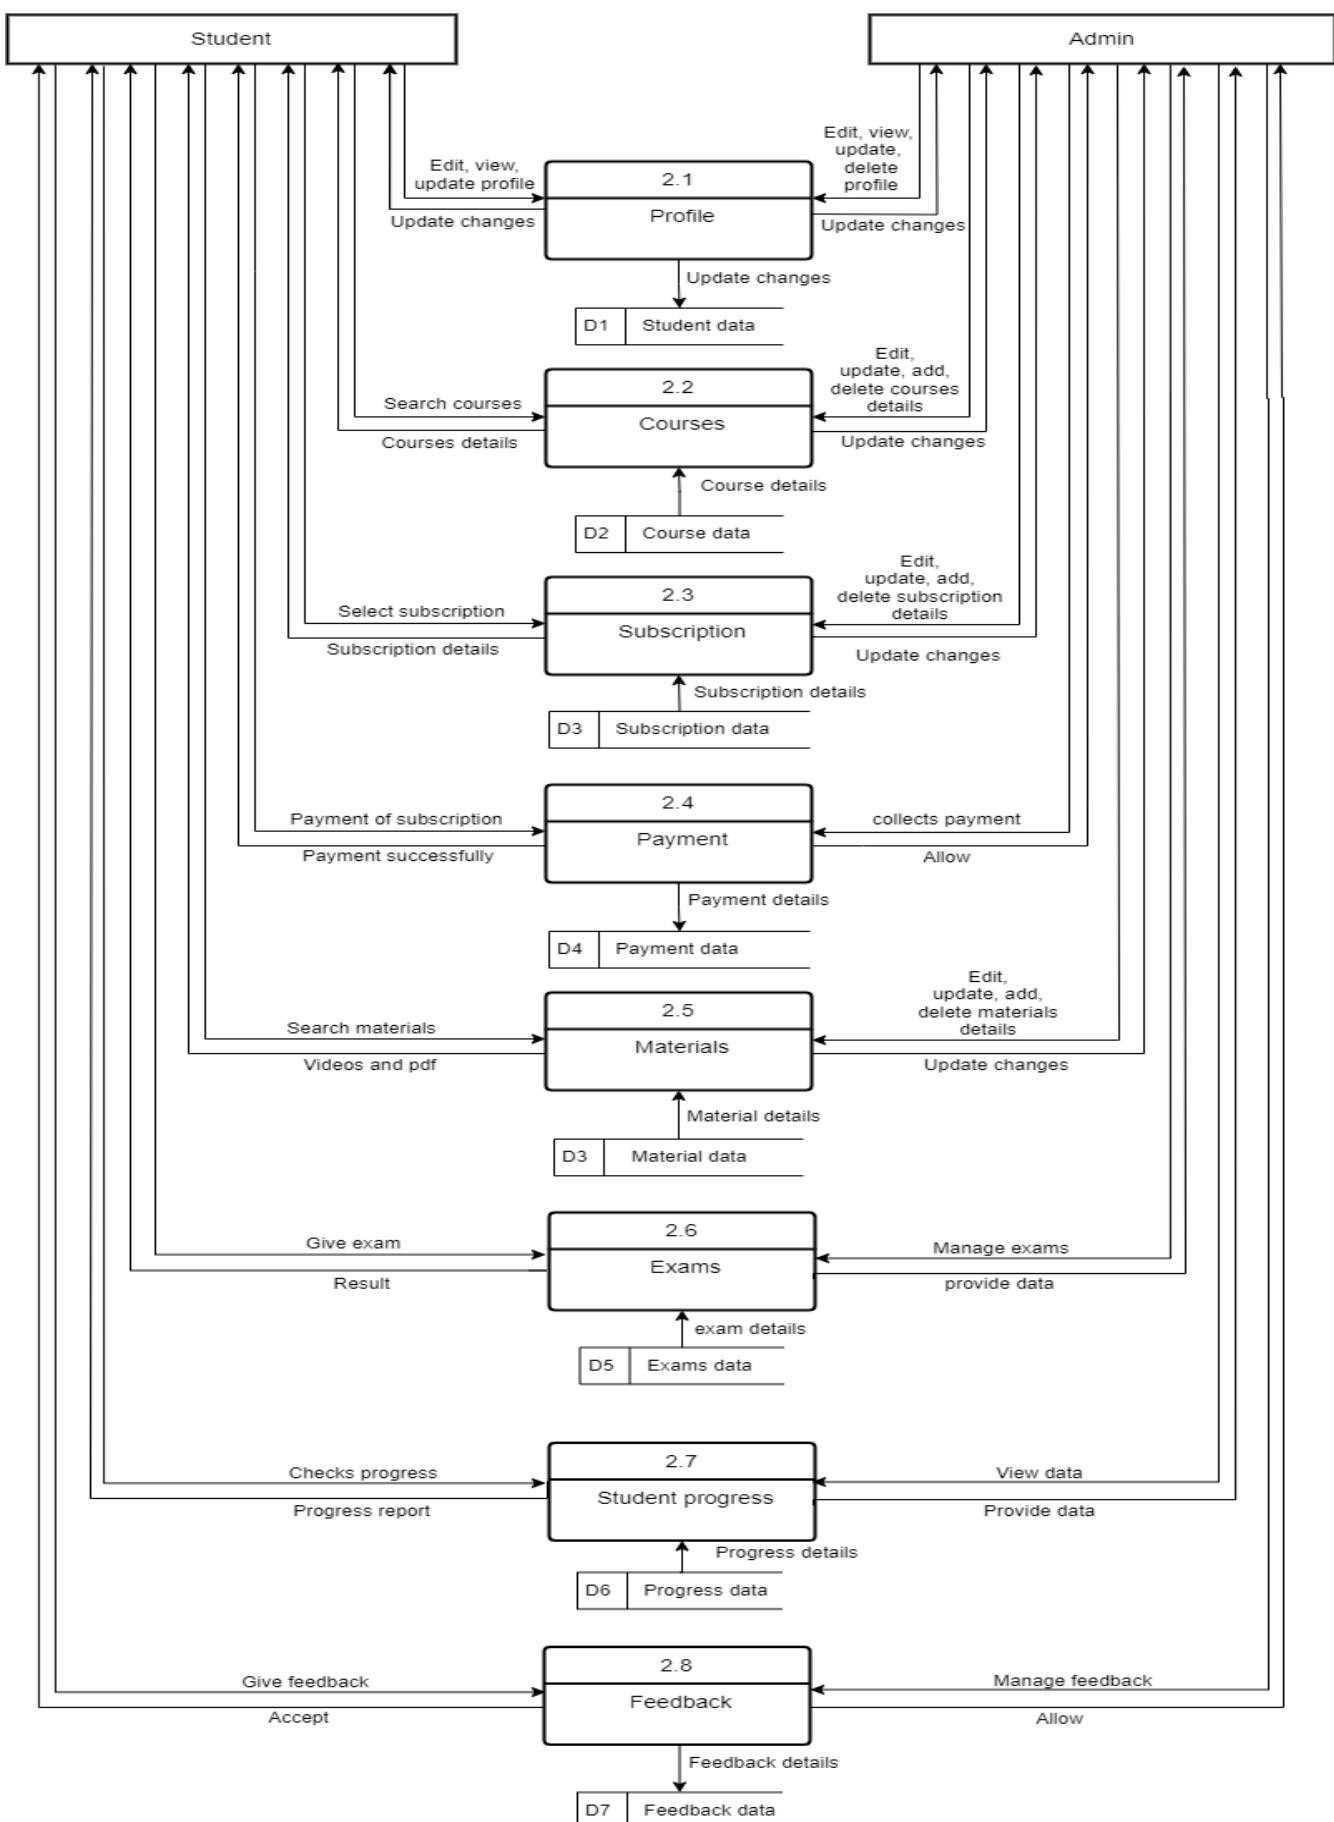

➤ Second-level diagram

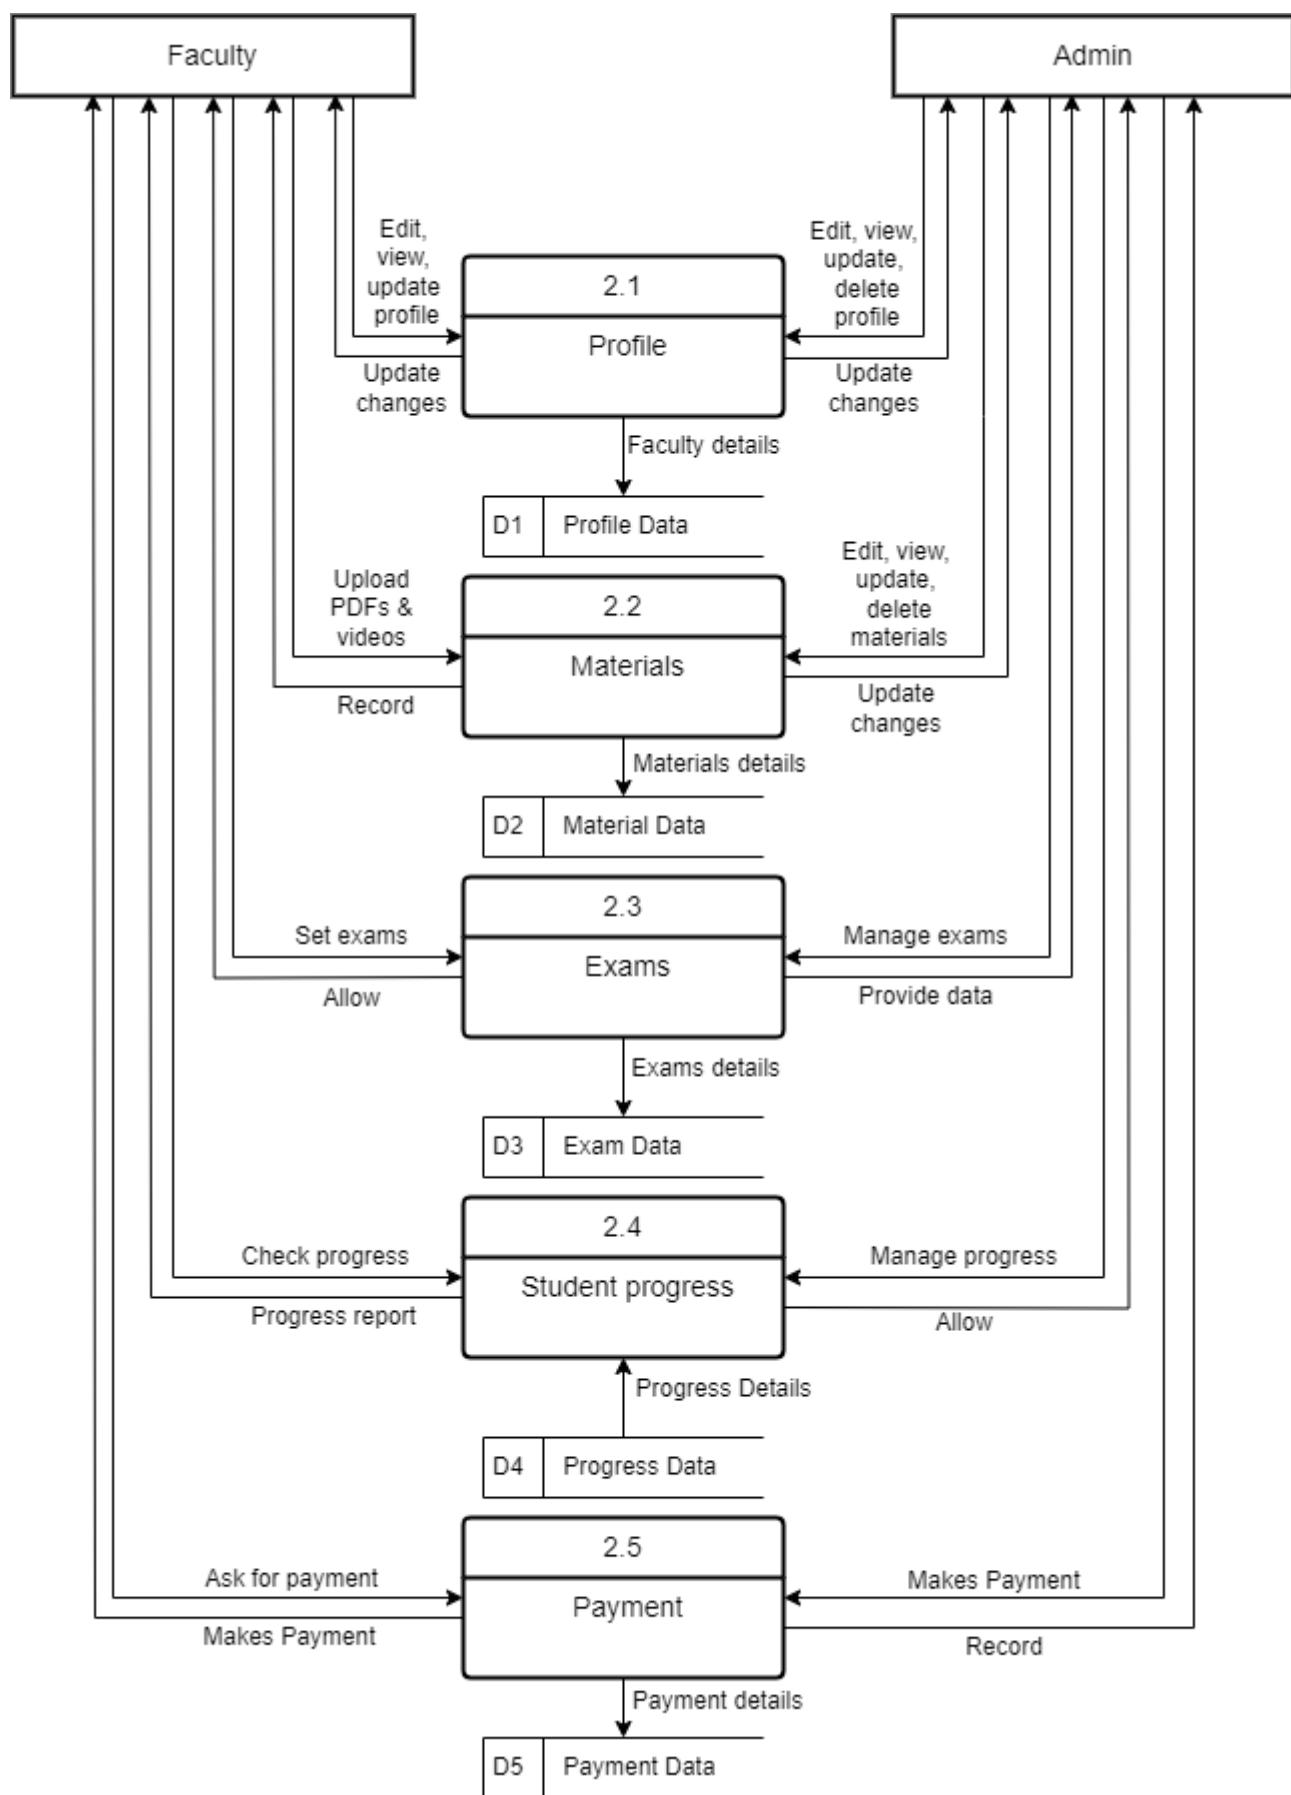

A second-level DFD expands on the first-level DFD, providing a closer look at the processes and data flows within the system

➤ Second-level diagram of student

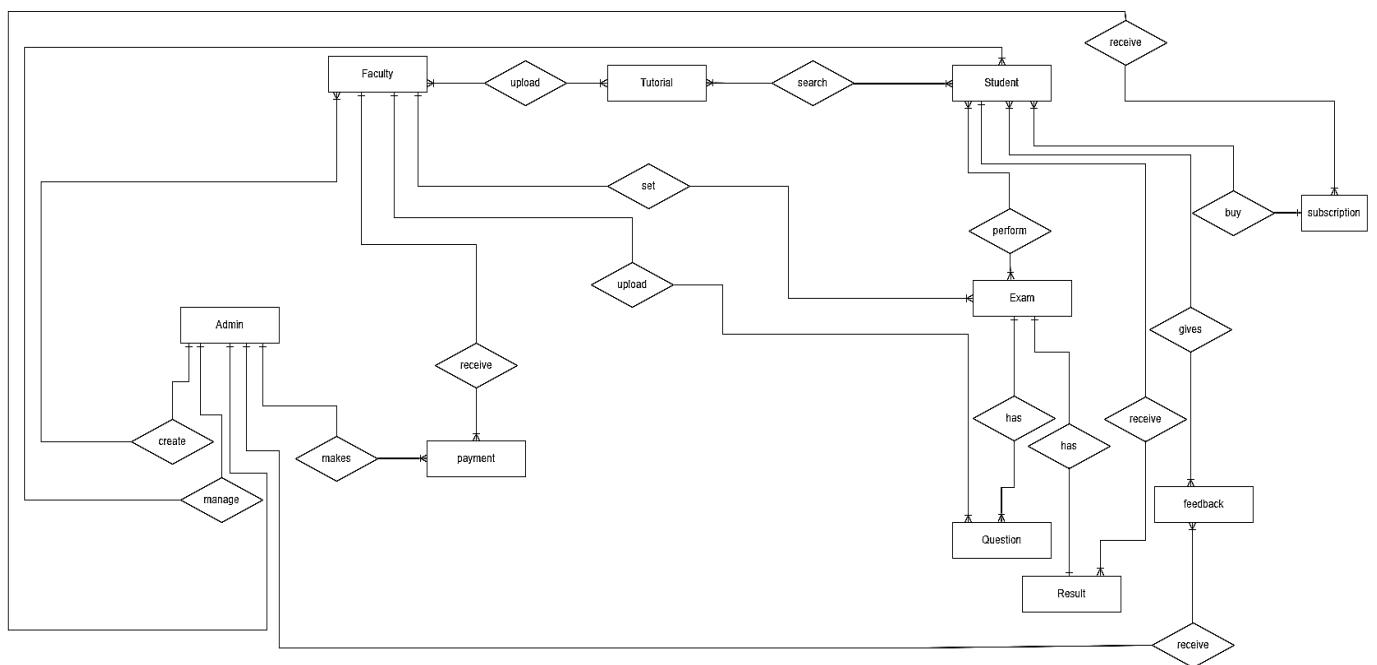

➤ Second-level diagram of faculty

Entity relationship diagram

An Entity-Relationship Diagram (ERD) is a visual representation of system entities and their processes, that depicts entities, their attributes, and the associations between them

Data dictionary

A data dictionary is a structured collection of metadata that provides detailed information about data elements within a database

It serves as a reference guide for understanding and managing the data stored in a database

➤ List of tables

SR NO.	Table name	Description
1	Admin_table	Contains the information of the admin user
2	Faculty_table	Contains the information of Faculty user
3	Student_table	Contains the information of the Student user
4	Course_table	Contains the information of various courses
5	Tutorial_table	Contains the information about the uploaded tutorials
6	Payment_to_faculty_table	Contains the information for payment of the faculty users
7	Subscription_table	Contains the information of the subscription of student users
8	Exam_table	Contains the information about examinations conducted
9	Question_table	Contains the information about the questions of exam
10	Result_table	Contains the information of result of student in exam
11	Progress_report_table	Contains the information of student progress report
12	Feedback_table	Contains the information of feedback of the student user

➤ Admin_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Admin_id	Int(9)	Primary key	Auto_increment	A unique identifier used to associate data records with corresponding administrative users
Admin_department	Varchar(20)	Not null		Different department of admin
Mobile_no	Varchar(13)	Not null		Contact number of admin
Email_id	Varchar(30)	Not null		Email id of admin
Username	Varchar(16)	Not null		Username which has been created by admin
Password	Varchar(8)	Not null		Password which has been created by admin Activate Window

➤ Faculty_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Faculty_id	Int(9)	Primary key	Auto_increment	A unique identifier used to associate data records with corresponding faculty users
Mobile_no	Varchar(13)	Not null		Contact number of faculty
Email_id	Varchar(30)	Not null		Email id of faculty
Username	Varchar(16)	Not null		Username which has been created by faculty
Password	Varchar(8)	Not null		Password which has been created by faculty
Reg_date	Varchar(10)	Not null		Registration date of faculty

➤ Student_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Student_id	Int(9)	Primary key	Auto_increment	A unique identifier used to associate data records with corresponding student users
Mobile_no	Varchar(13)	Not null		Contact number of student
Email_id	Varchar(30)	Not null		Email id of student
Username	Varchar(16)	Not null		Username which has been created by student
Password	Varchar(8)	Not null		Password which has been created by student
Reg_date	Varchar(10)	Not null		Registration date of student

➤ Course_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Course_id	Int(10)	Primary key	Auto_increment	A unique id of course
Faculty_id	Int(9)	Foreign key		Refers to faculty_id field of faculty_table
Course_name	Varchar(20)	Not null		Name of course
Course_description	Varchar(60)	Not null		Brief description of course

➤ Tutorial_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Tutorial_id	Int(10)	Primary key	Auto_increment	A unique id of tutorial
Course_id	Int(10)	Foreign key		Refers to course_id field of course_table
Tutorial_name	Varchar(40)	Not null		Name of tutorial
Tutorial_type	Varchar(30)	Not null		Type of tutorial

➤ Payment_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Payment_id	Int(9)	Primary key	Auto_increment	A unique id of payment
Faculty_id	Int(9)	Foreign key		Refers to faculty_id field of faculty_table
Payment_amount	Int(5)	Not null		Total amount of payment
Payment_date	Varchar(10)	Not null		Date of payment
Payment_method	Varchar(20)	Not null		Method of payment

➤ Subscription_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Subscription_id	Int(9)	Primary key	Auto_increment	A unique id of subscription
Student_id	Int(9)	Foreign key		Refers to student_id field of student_table
Payment_amount	Varchar(10)	Not null		Amount of payment
Payment_date	Varchar(10)	Not null		Date of payment
Duration	Varchar(25)	Not null		Duration of subscription
Payment_method	Varchar(20)	Not null		Method of payment

➤ Exam_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Exam_id	Int(9)	Primary key	Auto_increment	A unique id of exam
Exam_title	Varchar(30)	Not null		Title of the exam
Total_marks	Int(3)	Not null		Total marks of exam
Passing_marks	Int(2)	Not null		Passing marks of exam
Duration	Varchar(10)	Not null		Time duration for exam

➤ Question_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Question_id	Int(9)	Primary key	Auto_increment	A unique id of question
Exam_id	Int(9)	Foreign key		Refers to exam_id field of exam_table
Question_text	Varchar(150)	Not null		Question
Option_1	Varchar(30)	Not null		First option for question
Option_2	Varchar(30)	Not null		Second option for question
Option_3	Varchar(30)	Not null		Third option for question
Option_4	Varchar(30)	Not null		Fourth option for question
Correct_ans	Varchar(30)	Not null		Correct answer of question
Total_que	Varchar(3)	Not null		Total number of question

Activate Window
Go to Settings to...

➤ Result_table

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Result_id	Int(9)	Primary key	Auto_increment	A unique id of result
Student_id	Int(9)	Foreign key		Refers to student_id field of student_table
Exam_id	Int(9)	Foreign key		Refers to exam_id field of exam_table
Total_marks	Int(3)	Not null		Total marks of that exam
Obtained_marks	Int(3)	Not null		Obtained marks in that exam

➤ **Progress_report_table**

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Report_id	Int(9)	Primary key	Auto_increment	A unique id of report
Student_id	Int(9)	Foreign key		Refers to student_id field of student_table
Completed_lesson	Int(5)	Not null		Total number of completed lesson
Completed_exam	Int(5)	Not null		Total number of completed exam
Report_date	Varchar(10)	Not null		Date of report

➤ **Feedback_table**

FIELD	DATATYPE	CONSTRAINT	EXTRA	DESCRIPTION
Feedback_id	Int(9)	Primary key	Auto_increment	A unique id of feedback
Student_id	Int(9)	Foreign key		Refers to student_id field of student_table
Feedback_text	Varchar(300)	Not null		Full feedback
Submitted_date	Varchar(10)	Not null		Date of feedback submition

➤ **Student login page**

The left sidebar features the "SCOREEASY" logo at the top. Below it is a large blue rectangular area containing the text "Create Your Account". Underneath this, there is a smaller text block: "To keep track on your dashboard, please login with your personal info". At the bottom of this section is a white button with the text "Register Now" inside.

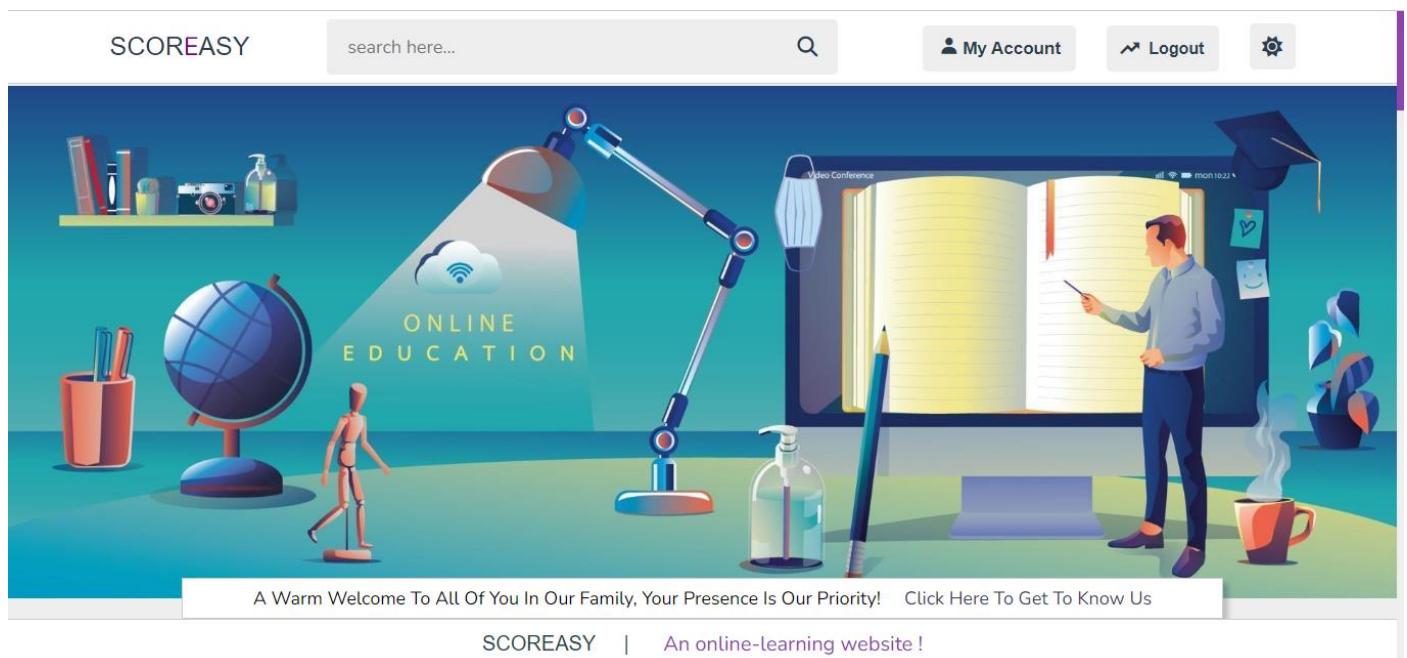

The main content area has a light gray background. At the top, it says "Login to Your Account" in a large, bold font. Below this are two small circular icons labeled "1" and "2". Under "1", there is a form field labeled "Phone Number" with a placeholder "Phone number with +91" and a "Send OTP" button below it. Under "2", there is a form field labeled "OTP" with a placeholder "Enter Received OTP" and a "Verify" button below it.

The left sidebar features the "QUICKMART" logo at the top. Below it is a large blue rectangular area containing the text "Create Your Account". Underneath this, there is a smaller text block: "To keep track on your dashboard, please login with your personal info". At the bottom of this section is a white button with the text "Register Now" inside.

The main content area has a light gray background. At the top, it says "Login to Your Account" in a large, bold font. Below this are two small circular icons: one with a green checkmark and one with a white "2". Under the checkmark icon, there is a form field labeled "Username" with a placeholder "Your Account Username". Under the "2" icon, there is a form field labeled "Password" with a placeholder "Your Account Password" and a visibility toggle icon. At the bottom of the form is a blue "Login" button.

 SCOREASY | An online-learning website !

➤ **Faculty registration page**

The screenshot shows the first step of a four-step account creation process. The header reads "Create Instructor Account". Below it are four circular icons with the letters "I", "U", "B", and "S". The steps are labeled "Personal Info", "Un & Ps", "Banking Info", and "Submission". Step 1 is highlighted with a blue circle and the number "1". Step 2 is shown with a grey circle and the number "2". Step 3 is shown with a grey circle and the number "3". Step 4 is shown with a grey circle and the number "4". The "Personal Info" section contains fields for "Name" (placeholder: "Your full name"), "Email Address" (placeholder: "Your email address"), "Phone Number" (placeholder: "Phone number with +91"), and "Date Of Birth" (placeholder: "dd-mm-yyyy"). A "Next" button is at the bottom right.

The screenshot shows the second step of the account creation process. The "Personal Info" step is now completed, indicated by a green checkmark icon in its circular progress indicator. The other three steps (Un & Ps, Banking Info, Submission) are still in their initial greyed-out state. The "Un & Ps" section contains fields for "Create Username" (placeholder: "Create Own Username") and "Create Password" (placeholder: "Create Own Password"). Below these is a field for "Password Again" with the placeholder "Enter Password Again". At the bottom are "Previous" and "Next" buttons.

➤ Faculty dashboard

The screenshot shows the SCOREASY Faculty Dashboard. On the left, there's a sidebar with a navigation menu:

- Main Menu
- Dashboard** (highlighted)
- Content Management
- Tutorials** (with sub-options: All Tutorials, Add New Tutorial, Update Tutorial)
- Playlists
- Exams Management
- Exams**
- Finance Management
- Revenue
- Total Subscribers
- All Subscribers
- Notifications

The main content area displays the message "Hello From Main Faculty Dashboard" and "Hello, Anjali Patel!, You have the Faculty Power...".

At the bottom left, there's a URL bar with the address "127.0.0.1:8000/main_faculty_dashboard#".

This screenshot shows another view of the SCOREASY Faculty Dashboard. The sidebar menu includes:

- Feedbacks Management
- Feedbacks**
- Communication
- Students Communication**
- Admin Communication**
- About System
- Settings**
- About Us**
- Contact Us**
- Help & Support**
- Documentation**
- Others
- Profile**
- Customization**
- Logout**

The main content area displays the message "Hello From Main Faculty Dashboard" and "Hello, Anjali Patel!, You have the Faculty Power...".

➤ **Add new tutorial from faculty**

The screenshot shows the SCOREASY Faculty Dashboard. On the left, there's a sidebar with various menu items like Main Menu, Dashboard, Content Management, Tutorials (which is currently selected), Playlists, Exams Management, Exams, Finance Management, Revenue, Total Subscribers, All Subscribers, and Notifications. The main content area has a title "Select Tutorial Type To Add New Tutorial". Below it is a dropdown menu labeled "Select Tutorial Type" with options: "Select Tutorial Type", "Video", and "PDF". A purple "Continue" button is at the bottom of the dropdown.

This screenshot is similar to the one above, but the "Select Tutorial Type" dropdown is now fully expanded, showing three options: "Select Tutorial Type" (which is highlighted in grey), "Video", and "PDF". The purple "Continue" button remains at the bottom of the dropdown.

The screenshot shows a user interface for adding a video tutorial. On the left, there is a vertical sidebar with icons for file management, a search bar, and a user profile for "Anjali Patel Faculty". The main content area has a blue header "SCOREASY" and a sub-header "Tutorials Listing". It includes a placeholder text "Upload Your Video Tutorials With All The Required Informations" and a "Back" button. To the right, a form titled "Add New Video Tutorial" is displayed with three tabs: "Basic Information" (selected), "Video Attributes", and "submission". Below the tabs, there are three green circular status indicators with checkmarks. A checkbox labeled "By submitting your details, you agree to the terms and conditions" is checked. At the bottom are "Previous" and "Submit" buttons.

The screenshot shows a user interface for adding a PDF tutorial. The layout is similar to the video tutorial page. The left sidebar includes a search bar and a user profile for "Anjali Patel Faculty". The main content area features a blue header "SCOREASY" and a sub-header "Tutorials Listing". It contains a placeholder text "Upload Your PDF Tutorials With All The Required Informations" and a "Back" button. To the right, a form titled "Add New PDF Tutorial" is shown with three tabs: "Basic Information" (selected), "PDF Attributes", and "submission". Below the tabs, there are three numbered circular status indicators (1, 2, 3). There are four input fields: "Select PDF" (Choose File, No file chosen), "Select Thumbnail Image" (Choose File, No file chosen), "PDF Title" (PDF Tutorial Title), and "PDF Description" (Your PDF description). A "Next" button is located at the bottom.

The screenshot shows a user interface for adding a new PDF tutorial. On the left, there is a sidebar with various icons. The main area has a blue header "SCOREASY" and a sub-header "Tutorials Listing". Below this, a message says "Upload Your PDF Tutorials With All The Required Informations" and a "Back" button. On the right, the title "Add New PDF Tutorial" is displayed above three tabs: "Basic Information", "PDF Attributes", and "submission". The "Basic Information" tab is selected, indicated by a green checkmark icon. Below it are fields for "PDF Language" (dropdown menu "Select Tutorial Language"), "Keywords & Tags" (dropdown menu "Keywords For SEO"), "Course of PDF" (dropdown menu "Select Tutorial Course"), and "Subject of PDF" (dropdown menu "Select Tutorial Subject"). At the bottom are "Previous" and "Next" buttons.

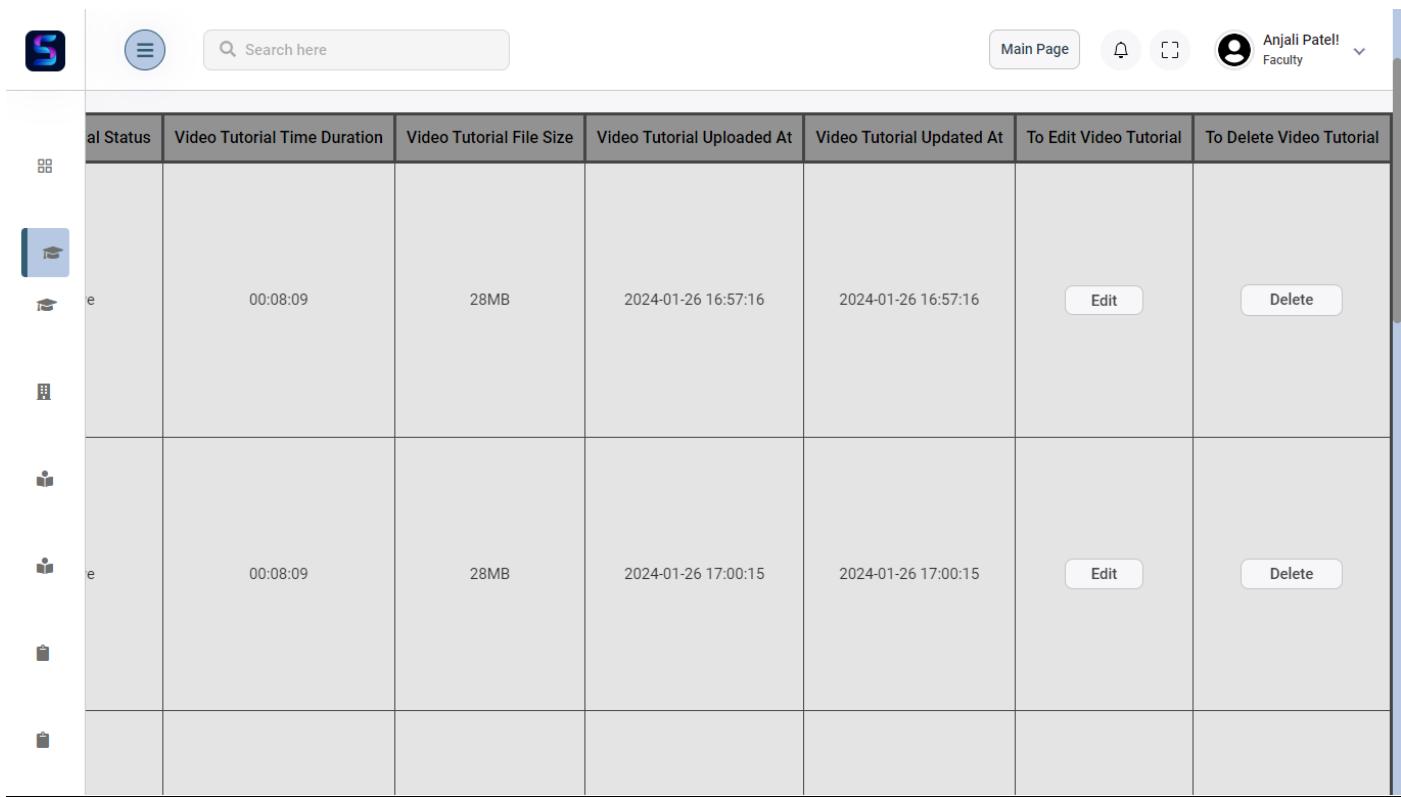

This screenshot is similar to the one above, showing the "Add New PDF Tutorial" process. The "Basic Information" tab is selected. A new element is a checked checkbox with the text "By submitting your details, you agree to the [terms and conditions](#)". The "PDF Attributes" tab now has a green checkmark icon, indicating it is also completed. The "submission" tab still has a greyed-out number "3" icon. The "Previous" and "Submit" buttons are at the bottom.

➤ **Showing added tutorial to faculty**

The screenshot shows the SCOREASY Faculty Dashboard. On the left, there is a sidebar with various menu items: Main Menu, Dashboard, Content Management, Tutorials (selected), All Tutorials (highlighted), Add New Tutorial, Update Tutorial, Playlists, Exams Management, Exams, Finance Management, Revenue, and Total Subscribers. At the top right, there is a search bar, a main page button, a notification bell, a user profile for Anjali Patel, and a dropdown arrow. The main content area has a heading "Select Tutorial Type To Get Your Tutorials" and a dropdown menu labeled "Select Tutorial Type" with options: Select Tutorial Type, Video, PDF, and Continue.

This screenshot is identical to the one above, but it includes a mouse cursor hovering over the "Select Tutorial Type" dropdown menu. The dropdown menu is now open, showing the options: Select Tutorial Type, Video, PDF, and Continue.

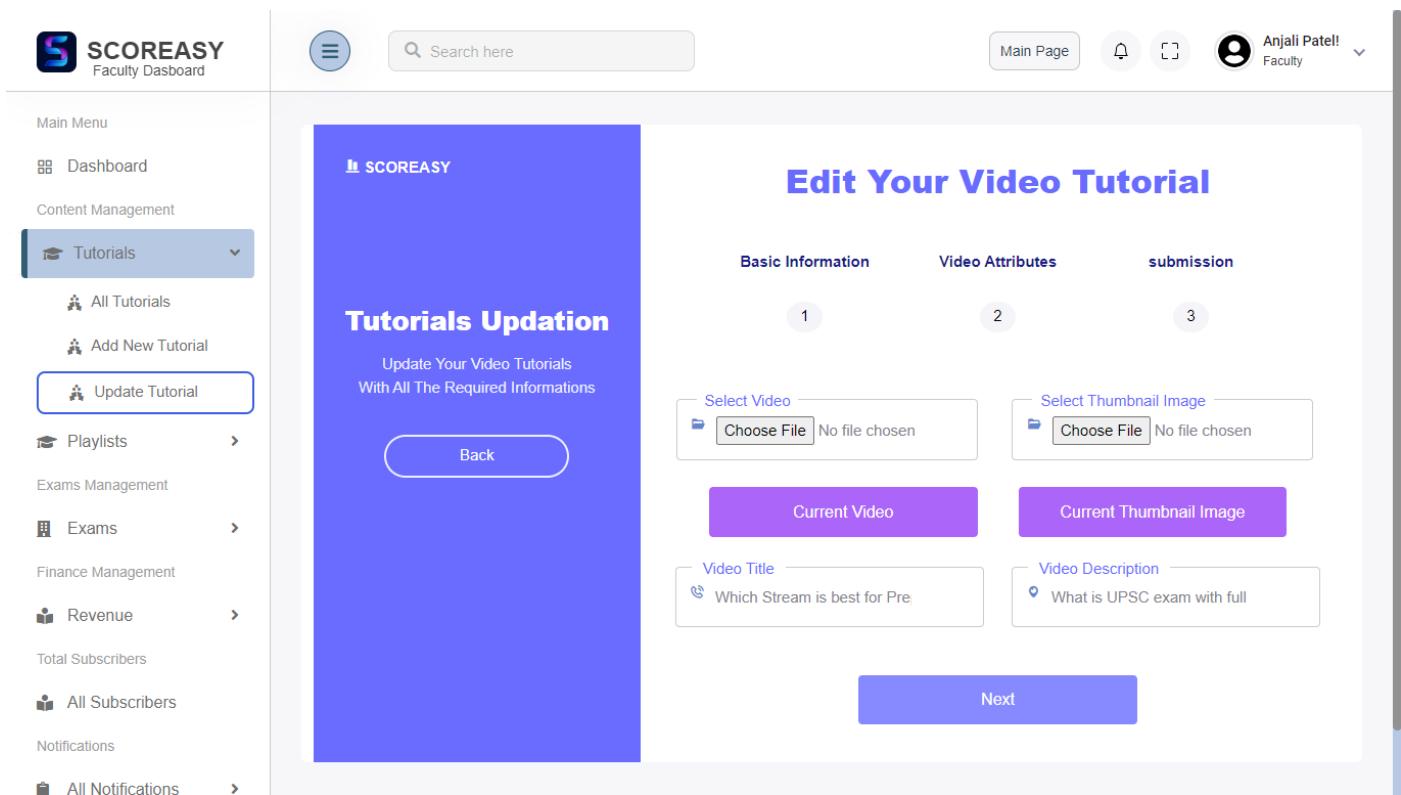

➤ Edit/Delete tutorial from faculty

The screenshot shows a table listing video tutorials. The columns are:

- Video Status
- Video Tutorial Time Duration
- Video Tutorial File Size
- Video Tutorial Uploaded At
- Video Tutorial Updated At
- To Edit Video Tutorial
- To Delete Video Tutorial

There are six rows of data, each representing a video entry. The first row has a question mark icon in the status column. The second row has a graduation cap icon and the text "e". The third row has a person icon and the text "e". The fourth row has a person icon and the text "e". The fifth row has a clipboard icon and the text "e". The sixth row has a clipboard icon and the text "e".

The screenshot shows the SCOREASY Faculty Dashboard with the following sections:

- Main Menu:** Includes Dashboard, Content Management, Tutorials (selected), All Tutorials, Add New Tutorial, Update Tutorial (highlighted), Playlists, Exams Management, Exams, Finance Management, Revenue, Total Subscribers, All Subscribers, Notifications, and All Notifications.
- Scoreasy Logo:** SCOREASY Faculty Dashboard.
- Search Bar:** Search here.
- User Profile:** Anjali Patel! Faculty.
- Central Content:** A large blue box titled "IN SCOREASY" and "Tutorials Updation". It says "Update Your Video Tutorials With All The Required Informations" and has a "Back" button.
- Form Fields:** "Edit Your Video Tutorial" form with tabs for Basic Information, Video Attributes, and submission. Step 1: Select Video (Choose File, No file chosen). Step 2: Select Thumbnail Image (Choose File, No file chosen). Step 3: Current Video (button) and Current Thumbnail Image (button). Step 4: Video Title (Which Stream is best for Pre) and Video Description (What is UPSC exam with full).
- Buttons:** Next (at the bottom right of the form).

The screenshot shows the SCOREASY Faculty Dashboard. On the left, there's a sidebar with various menu items: Main Menu, Dashboard, Content Management, Tutorials (selected), All Tutorials, Add New Tutorial, Update Tutorial (highlighted in blue), Playlists, Exams Management, Exams, Finance Management, Revenue, Total Subscribers, All Subscribers, Notifications, and All Notifications. The main content area has a title 'Edit Your Video Tutorial' and tabs for Basic Information, Video Attributes, and submission. Under 'Basic Information', there's a green checkmark icon, a step indicator '2', and a step indicator '3'. Below these are fields for Video Language (English) and Keywords & Tags (What is UPSC, UPSC exam,). Under 'Video Attributes', there's a step indicator '1' and a step indicator '2'. Below these are fields for Course of Video (UPSC) and Subject of Video (Indian History and Culture). At the bottom are 'Previous' and 'Next' buttons.

This screenshot is nearly identical to the one above, showing the 'Edit Your Video Tutorial' page. The main difference is in the 'submission' tab, where a checkbox labeled 'By submitting your details, you agree to the [terms and conditions](#)' is checked. The rest of the interface, including the sidebar menu and form fields, remains the same.

UPSC important PDF

UPSC important PDF

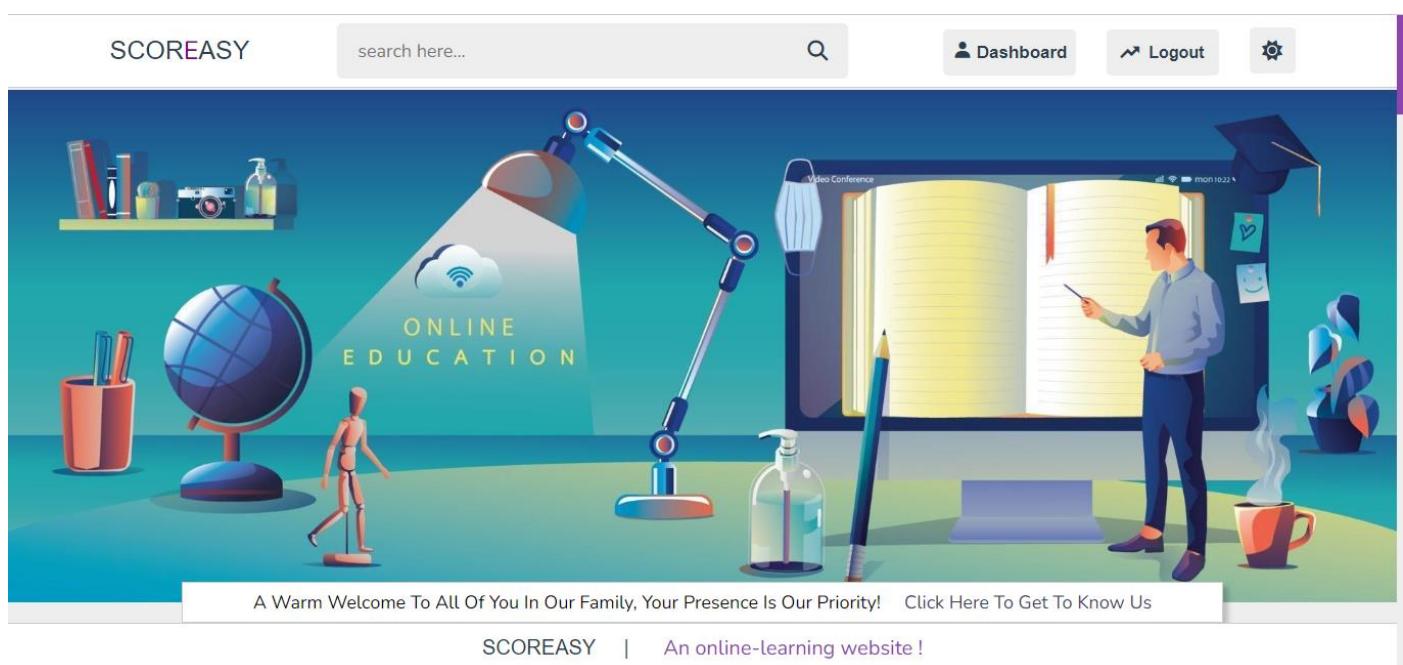

The screenshot shows the SCOREASY Faculty Dashboard. On the left, there's a sidebar with a main menu containing options like Dashboard, Content Management, Tutorials (selected), Playlists, Exams, Finance Management, Revenue, Total Subscribers, All Subscribers, Notifications, and All Notifications. The 'Tutorials' section is expanded, showing 'All Tutorials', 'Add New Tutorial', and 'Update Tutorial' (which is highlighted with a blue border). The main content area has a purple header 'In SCOREASY' and a central box titled 'Tutorials Updation' with the sub-instruction 'Update Your PDF Tutorials With All The Required Informations'. Below this is a 'Back' button. To the right, there's a form titled 'Edit Your PDF Tutorial' with three tabs: 'Basic Information', 'PDF Attributes', and 'submission'. Under 'Basic Information', there's a green checkmark icon and a step indicator '2'. Under 'PDF Attributes', there's another green checkmark icon and a step indicator '3'. The 'Basic Information' section includes dropdowns for 'PDF Language' (English) and 'Keywords & Tags' (UPSC, UPSC exam, Competi). The 'PDF Attributes' section includes dropdowns for 'Course of PDF' (UPSC) and 'Subject of PDF' (Indian History and Culture). At the bottom are 'Previous' and 'Next' buttons.

This screenshot is similar to the one above but shows the state after the 'submission' step has been completed. The 'Basic Information' and 'PDF Attributes' sections now have green checkmark icons, and the 'submission' tab has a green checkmark icon and a step indicator '3'. A new checkbox labeled 'By submitting your details, you agree to the terms and conditions' is checked. The 'Previous' and 'Submit' buttons are at the bottom.

➤ **Admin login [from student login page (secretly)]**

➤ **After admin login**

➤ Admin dashboard

The screenshot shows the Admin Dashboard interface. On the left, there is a sidebar with a 'Main Menu' section containing various administrative options like 'Dashboard', 'System Users', 'Content Management', etc. The 'Dashboard' item is currently selected and highlighted. The main content area displays a welcome message: 'Hello From Main Admin Dashboard' followed by 'Hello, Anjali Patel!, You have the Administration Power...'. The top navigation bar includes a 'Main Page' button, a search bar, and a user profile for 'Anjali Patel, Administrator'.

This screenshot shows another view of the Admin Dashboard. The sidebar menu includes 'Interaction Management' (with 'Notifications' and 'Feedbacks' sub-options), 'Financial Management' (with 'Income' and 'Expenses' sub-options), 'System Report Management' (with 'Analytics' sub-option), 'Others' (with 'Settings', 'Customization', 'Help', 'Documentation', and 'Logout' sub-options). The main content area displays the same welcome message: 'Hello From Main Admin Dashboard' followed by 'Hello, Anjali Patel!, You have the Administration Power...'. The top navigation bar is identical to the first screenshot.

➤ Managing users from admin

The screenshot shows the SCOREASY Admin Dashboard. On the left, there is a sidebar with a main menu containing items like Dashboard, System Users (with Students selected), Faculties, Content Management, Tutorials, Courses, Subjects, Languages, Tutorial Types, Old Question Papers, and Subscription Management. Below the main menu is a URL bar showing the address: 127.0.0.1:8000/main_admin_dashboard/main_admin_dashboard_show_students_p... . The main content area displays a welcome message: "Hello From Main Admin Dashboard" and "Hello, Anjali Patel!, You have the Administration Power...".

The screenshot shows the SCOREASY Admin Dashboard with the System Users - Students section selected in the sidebar. The main content area displays a heading "All Student Users" and a table listing two student records:

The screenshot shows a user interface for updating a faculty account. On the left, there is a sidebar with various icons. The main area has a blue header with the text "SCOREASY". Below it, a large blue box contains the title "Faculty User Record Updation" and a subtitle "Update Faculty user record With all the required Information". At the bottom of this box is a white "Exit" button. To the right, the title "Update Faculty Account" is displayed above a four-step navigation bar. Step 1 (Personal Info) is active, indicated by a green checkmark icon. Step 2 (Un & Ps) is shown with a small number 2. Step 3 (Banking Info) and Step 4 (Submission) are also present. Below the navigation bar are four input fields: Name (Anjali Patel), Email Address (anjalipatel3074@gmail.cc), Phone Number (+917046106554), and Date Of Birth (16-09-2004). A "Next" button is located at the bottom right of the form.

This screenshot shows the continuation of the account update process. The blue header "SCOREASY" is visible. The main area features a blue box with the "Faculty User Record Updation" title and subtitle. Below it is a white "Exit" button. To the right, the title "Update Faculty Account" is displayed above the same four-step navigation bar. Step 1 (Personal Info) is now marked with a red error icon. Step 2 (Un & Ps) is shown with a small number 2. Step 3 (Banking Info) and Step 4 (Submission) are also present. Below the navigation bar are two input fields: "Username" (anjalipatel3074) and "Password" (represented by a masked field). A "Previous" button is located to the left of the "Next" button at the bottom right.

The screenshot shows a web application interface for updating faculty user records. On the left, there is a vertical sidebar with icons representing different sections of the application. The main content area has a blue header with the text "SCOREASY". Below the header, the title "Faculty User Record Updation" is displayed, followed by the sub-instruction "Update Faculty user record With all the required Information". A large "Exit" button is located at the bottom of this section. To the right, the "Update Faculty Account" form is shown. It consists of four tabs: "Personal Info", "Un & Ps", "Banking Info", and "Submission". Under "Personal Info", there is a field for "Bank Name" containing "SBI" with a green checkmark. Under "Un & Ps", there is a field for "Account Holder Name" containing "anjali patel" with a green checkmark. Under "Banking Info", there are fields for "Bank Branch" (containing "pethapur") and "Account Number" (containing "12234567890"). Under "Submission", there is a dropdown menu for "Account Type" set to "Savings Account", and a file input field for "Proof of Bank Account Ownership" with the placeholder "Choose File" and a note "No file chosen". A purple button labeled "Click Here For Document" is positioned below these fields. At the bottom, there are two blue buttons: "Previous" and "Next".

This screenshot is similar to the one above, but it shows the "Submission" tab being completed. The "Submission" tab now has a green checkmark and the number "4" indicating it is fully completed. Below this tab, a checkbox is checked with the text "By submitting your details, you agree to the [terms and conditions](#)". At the bottom, the "Previous" and "Update" buttons are visible.

➤ Adding courses

The screenshot shows the Scoreeasy Admin Dashboard. On the left, there is a sidebar with the following navigation items:

- Content Management
 - Tutorials
 - Courses
 - All Courses
 - Add New Course
 - Update Course
 - Subjects
 - Languages
 - Tutorial Types
 - Old Question Papers
- Subscription Management
 - Subscriptions

The main content area has a title "Add New Course" and a form with a text input field "Enter Course name ..." and a purple "Add" button.

The screenshot shows the Scoreeasy Admin Dashboard. On the left, there is a sidebar with the following navigation items:

- Content Management
 - Tutorials
 - Courses
 - All Courses
 - Add New Course
 - Update Course
 - Subjects
 - Languages
 - Tutorial Types
 - Old Question Papers
- Subscription Management
 - Subscriptions

The main content area has a title "All Courses" and a table displaying course data:

SR No.	Course Name	Course Id	Admin Id	Added At	Updated At	To Edit Course	To Delete Course

2	GPSC	2	1	2024-01-26 16:49:16	2024-01-26 16:49:16	<button>Edit</button>	<button>Delete</button>

➤ Updating courses

The screenshot shows the SCOREASY Admin Dashboard. On the left, there is a sidebar with the following menu items:

- Tutorials
- Courses
 - All Courses
 - Add New Course
 - Update Course** (highlighted)
- Subjects
- Languages
- Tutorial Types
- Old Question Papers
- Subscription Management
- Subscriptions
- Design View Management

On the right, the main content area has a title "Update Course". Below it is a form with a single input field containing "UPSC" and a purple "UPDATE" button.

➤ Adding subjects

The screenshot shows the SCOREASY Admin Dashboard. On the left, there's a sidebar with navigation links: Tutorials, Courses, Subjects (selected), All Subjects, Add New Subject, Update Subject, Languages, Tutorial Types, Old Question Papers, Subscription Management, Subscriptions, and Design View Management. The main area has a search bar and a user profile for Anjali Patel, Administrator. A modal window titled "Add New Subject" is open, showing a step-by-step process: Course Selection (step 1, highlighted in blue), Subject Name (step 2), Subject Description (step 3), and submission (step 4). The "Subject Course" dropdown is set to "Select Subject Course". A "Next" button is at the bottom right of the modal.

This screenshot is similar to the one above, but the "Course Selection" step (step 1) now has a green checkmark icon next to it, indicating it's completed. The "Subject Name" field is empty and has a placeholder "Enter Subject Name". There are "Previous" and "Next" buttons at the bottom of the modal.

➤ Updating subjects

The screenshot shows the SCOREASY Admin Dashboard. On the left, there's a sidebar with various menu items: Tutorials, Courses, Subjects (selected), All Subjects, Add New Subject, Update Subject (highlighted in blue), Languages, Tutorial Types, Old Question Papers, Subscription Management, Subscriptions, and Design View Management. The main content area has a large blue box titled "Subjects Updation" with the sub-instruction "Update Subjects With All The Required Informations". Below this is an "Exit" button. To the right, there's a "Update Subject" form with four steps: Course Selection (step 1, highlighted in green), Subject Name (step 2), Subject Description (step 3), and submission (step 4). Step 1 has a dropdown for "Subject Course" set to "GPSC". Step 2 has a "Subject Name" input field containing "Geography of Gujarat". At the bottom are "Previous" and "Next" buttons.

This screenshot is similar to the one above, showing the Admin Dashboard with the "Subjects" section selected. The sidebar and the large blue "Subjects Updation" box are identical. The main content area shows the "Update Subject" form. Step 1 is completed (green checkmark) and step 2 is active, with the "Subject Name" input field showing "Geography of Gujarat". The "Previous" and "Next" buttons are visible at the bottom of the form.

➤ Adding languages

The screenshot shows the Scoreeasy Admin Dashboard. On the left, there's a sidebar with navigation links: Courses, Subjects, Languages (selected), All Languages, Add New Language (highlighted in blue), Update Language, Tutorial Types, Old Question Papers, Subscription Management, Subscriptions, Design View Management, and Hero Image. At the top right, there are buttons for Main Page, Notifications, and User Profile (Anjali Patel, Administrator). The main content area has a title 'Add New Language' and a form with a text input field 'Enter Language ...' and a purple 'Add' button.

The screenshot shows the Scoreeasy Admin Dashboard. The sidebar includes Tutorials, Courses, Subjects, Languages (selected), All Languages (highlighted in blue), Add New Language, Update Language, Tutorial Types, Old Question Papers, Subscription Management, Subscriptions, and Design View Management. The top right features Main Page, Notifications, and User Profile (Anjali Patel, Administrator). The main area displays a table titled 'All Languages' with three rows of data:

SR No.	Language	Language Id	Admin Id	Added At	Updated At	To Edit Language	To Delete Language
1	English	1	1	2024-01-26 16:51:40	2024-01-26 16:51:40	<button>Edit</button>	<button>Delete</button>
2	Hindi	3	1	2024-01-26 16:51:45	2024-01-26 16:51:45	<button>Edit</button>	<button>Delete</button>
3	Gujarati	4	1	2024-01-26 16:51:48	2024-01-26 16:51:48	<button>Edit</button>	<button>Delete</button>

➤ Updating languages

The screenshot shows the SCOREASY Admin Dashboard interface. On the left, there is a sidebar with the following navigation items:

- Tutorials
- Courses
- Subjects
- Languages
 - All Languages
 - Add New Language
 - Update Language** (highlighted with a blue border)
- Tutorial Types
- Old Question Papers
- Subscriptions Management
- Subscriptions

At the top right, there is a search bar labeled "Search here", a "Main Page" button, a notification bell icon, a user profile icon for "Anjali Patel! Administrator", and a "Logout" button.

The main content area has a title "Update Language". Below it is a form with a single input field containing "English" and a purple "UPDATE" button.

➤ Adding tutorial type

The screenshot shows the SCOREASY Admin Dashboard. On the left, there is a sidebar with the following menu items:

- Subjects
- Languages
- Tutorial Types** (selected)
- All Tutorial Types
- Add New Tutorial Type (highlighted)
- Update Tutorial Type
- Old Question Papers
- Subscription Management
- Subscriptions
- Design View Management
- Hero Image
- Interaction Management
- Notifications

The main content area has a title "Add New Tutorial Type". It features a text input field with placeholder "Enter Tutorial Type ..." and a purple "Add" button below it.

The screenshot shows the SCOREASY Admin Dashboard. On the left, there is a sidebar with the following menu items:

- Subjects
- Languages
- Tutorial Types** (selected)
- All Tutorial Types (highlighted)
- Add New Tutorial Type
- Update Tutorial Type
- Old Question Papers
- Subscription Management
- Subscriptions
- Design View Management
- Hero Image
- Interaction Management
- Notifications

The main content area has a title "All Tutorial Types". It displays a table with the following data:

SR No.	Tutorial Type	Tutorial Type Id	Admin Id	Added At	Updated At	To Edit Language	To Delete Language
1	Video	1	1	2024-01-26 16:51:56	2024-01-26 16:51:56	<button>Edit</button>	<button>Delete</button>
2	PDF	2	1	2024-01-26 16:52:00	2024-01-26 16:52:00	<button>Edit</button>	<button>Delete</button>

➤ Updating tutorial type

The screenshot shows the SCOREASY Admin Dashboard. On the left, there's a sidebar with various menu items: Tutorials, Courses, Subjects, Languages, Tutorial Types (which is currently selected and highlighted in blue), Old Question Papers, Subscription Management, Subscriptions, and Design View Management. A search bar at the top right contains the placeholder "Search here". To the right of the search bar are buttons for "Main Page", a notification bell, and a user profile for "Anjali Patel! Administrator". The main content area has a title "Update Tutorial Type" and a form. The form contains a dropdown menu set to "Video" and a purple "UPDATE" button.

➤ Adding old question papers

The screenshot shows the SCOREASY Admin Dashboard. On the left sidebar, under 'Old Question Papers', the 'Add New Paper' option is selected. The main content area displays a blue overlay window titled 'Old Question Papers' with the sub-instruction 'Add Old Question Papers material Of Existing Courses With All The Required Informations'. At the bottom of this window is a white 'Exit' button. To the right of the overlay, the main page header reads 'Add New Question Paper Material' with tabs for 'Course Selection', 'Upload Material', 'Title & Description', and 'submission'. Below these tabs are four numbered circles (1, 2, 3, 4). A dropdown menu labeled 'Material Course' with the placeholder 'Select Material Course' is visible. A large purple 'Next' button is at the bottom right.

This screenshot is similar to the one above, but it shows the 'Upload Material' step completed. The 'Course Selection' tab has a green checkmark icon. The 'Material' field contains a 'Choose File' button and the message 'No file chosen'. The 'Material Thumbnail Image' field also contains a 'Choose File' button and the message 'No file chosen'. The 'Previous' and 'Next' buttons are at the bottom right.

The screenshot shows the SCOREASY Admin Dashboard. On the left, there's a sidebar with various management options like Languages, Tutorial Types, Old Question Papers, All Question Papers, Add New Paper, Update Added Paper, Subscription Management, Subscriptions, Design View Management, Hero Image, Interaction Management, Notifications, Feedbacks, Communication, Financial Management, and Income. The 'Old Question Papers' option is currently selected. The main content area has a blue sidebar titled 'IN SCOREASY' with the sub-section 'Old Question Papers' and a description: 'Add Old Question Papers material Of Existing Courses With All The Required Informations'. It includes an 'Exit' button. To the right, the title 'Add New Question Paper Material' is displayed above a four-step process: 'Course Selection' (step 1, checked), 'Upload Material' (step 2, checked), 'Title & Description' (step 3, partially completed), and 'submission' (step 4, not started). Below these steps are input fields for 'Material Title' (placeholder: 'Enter Material Title') and 'Material Description' (placeholder: 'Enter Material Description'). At the bottom are 'Previous' and 'Next' buttons.

This screenshot is similar to the one above, showing the 'Old Question Papers' section of the Admin Dashboard. The main difference is in the 'Title & Description' step of the process. A checkbox labeled 'By submitting Material details, you agree to the [terms and conditions](#)' is checked. The other steps and interface elements remain the same.

➤ Adding hero image of website

The screenshot shows the SCOREASY Admin Dashboard. On the left, there is a sidebar with various management options: Subscription Management, Design View Management (with 'Hero Image' selected), Interaction Management, Financial Management, and Income/Expenses. The main content area is titled 'Add New Hero Image' and contains a file upload input field with the placeholder 'Choose File No file chosen' and a purple 'Add' button.

➤ Deleting hero image of website

The screenshot shows the SCOREASY Admin Dashboard. The sidebar includes Main Menu, Dashboard, Users Management, System Users, Content Management, Tutorials, Courses, Subjects, Languages, Tutorial Types, Old Question Papers, and Subscription Management. The main content area is titled 'All Courses' and displays a table with one row of data:

SR No.	Hero Image	Hero Image Id	Admin Id	Added At	Updated At	To Delete Image
1	Click For Image	1	1	2024-01-26 16:52:41	2024-01-26 16:52:41	Delete

➤ Adding subscription plans from admin

The screenshot shows the SCOREASY Admin Dashboard with a sidebar on the left containing various management options like Tutorial Types, Old Question Papers, Subscription Management, Subscriptions, Design View Management, Hero Image, Interaction Management, Notifications, Feedbacks, Communication, and Financial Management. The 'Subscriptions' section is currently active. A modal window titled 'Add New Subscription Plan' is open in the center. The form fields include:

- Subscription Name:** Enter Subscription Name
- Subscription Title:** Enter Subscription Title
- Subscription Description:** Enter Subscription Description
- Subscription Price [Without Discount]:** Price Without Discount
- Subscription Price [With Discount]:** Price With Discount
- Subscription Duration:** 1 Day (radio button selected), Days, Weeks, Months, Years
- Access Rights:** [Here, in this Section, PDFs include both "Tutorials" and "Old Exam Papers" PDFs]
 - View Videos & PDFs: Yes No
 - Download Videos & PDFs: Yes No

This screenshot shows the same dashboard and modal window as the previous one, but the modal has been updated with more fields:

- Subscription Duration:** 1 Day (radio button selected), Days, Weeks, Months, Years
- Access Rights:** [Here, in this Section, PDFs include both "Tutorials" and "Old Exam Papers" PDFs]
 - View Videos & PDFs: Yes No
 - Download Videos & PDFs: Yes No
- Exams:** Yes No

1

Welcome to Razorpay Software Private Ltd Bank

This is just a demo bank page.

You can choose whether to make this payment successful or not:

Success

Failure

➤ Income Record

The screenshot shows the Razorpay dashboard interface. On the left, there's a sidebar with navigation links like Home, Transactions, Settlements, Reports, Account & Settings, Payment Products (QR Codes, Payment Links, Payment Pages), Banking Products (Line of Credit), and Customer Support (Customers, Offers, Developers, App Store). The main area has a search bar at the top with a 'Test Mode' toggle switch. Below it, a large blue box contains a message about the graph being updated. A link to 'View all payments from this date range' is also present. The 'Recent Activity' section displays a table of transactions:

PAYMENTS	SETTLEMENTS	REFUNDS
₹ 999.00 pay_NhQzIOCQ1qUVZ6	few secs ago	Captured
₹ 999.00 pay_NhQykzf92kSkgc	a min ago	Failed
₹ 10.00 pay_NhOuLRico55ls8	2 hours ago	Captured
₹ 10.00 pay_NhLXBiphNTlan	5 hours ago	Captured

At the bottom, there's a copyright notice: © 2017-2024 Copyright Razorpay - [Terms of Use](#) - [Privacy Policy](#) - and a 'Help' button.

THANK YOU
